

7055

Product Information

1000 µm double-sided acrylic core tape

Product Description

tesa® ACX^{plus} 705x series is a highly transparent acrylic core tape designed for bonds that achieve a seamless and optical clear finish. Translucent and transparent materials, such as glass or acrylic are easy to bond with tesa® ACX^{plus} 7055.

Product Features

· Transparent acrylic core tape and ideal for bonding transparent / translucent substrates

Application Fields

Exemplary mounting applications in different industries (e.g. extruder, appliances, interior fit-out, signage) include:

- · Extruded profiles
- · Signage mounting
- · Plisse profiles

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Product Construction

•	Backing	solid acrylic	•	Total thickness	1000 μm
•	Type of adhesive	pure acrylic	•	Color	transparent
•	Type of liner	silicone-free film			

Adhesion to Values

Steel (after 3 days)
24 N/cm
