

tesa® Professional 60950

Product Information

Anti Slip tape - black

Product Description

tesa® 60950 is an anti slip adhesive tape with a wide range of possible applications. The anti slip tape comprises a PVC substrate coated with mineral particles. tesa® 60950 is the black version of the product.

Product Features

- The strong adhesive mass of acrylate ensures safe footing on the underlying surface.
- · The anti slip effect lasts for up to two years with ordinary use
- · The particularly abrasion-resistant and resilient adhesive tape is impervious to chemicals and salt water
- · It can be torn by hand and removed again without any difficulties
- It is certified in accordance with DIN 51130.

Application Fields

- · Indoor and outdoor applications
- · Applications in which a secure grip underfoot is required
- Black-yellow (tesa® 60951): marking of very slippery surfaces
- Transparent (tesa® 60952): make valuable surfaces such as wooden stairs, for example, safe unobtrusively
- Fluorescent (tesa® 60953): stays bright for a long period for safety and warning purposes in dark rooms

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Product Construction

•	Backing	PVC film coated with mineral particles	Thickness of liner Thickness of tape	180 μm 720 μm
•	Type of adhesive	acrylic		
•	Total thickness	900 μm		

Properties/Performance Values

•	Elongation at break	25 %	•	Easy to remove	no
•	Tensile strength	30 N/cm	•	Fluorescent	no
•	Batteries included	no	•	Hand tearability	good
•	Batteries required	no	•	Suitable for die cutting	yes
	Chaminal Danistanaa				

Chemical Resistance good

Adhesion to Values

• Steel 5.8 N/cm
