

Four reasons why **mounting** with tesa® is so popular in offices.

In addition to the usual office tasks, there is often a significant amount of work that involves mounting. With tesa® products, you can always be well-equipped to handle these tasks easily and quickly.

Advantages with tesa®

- It's silent and avoids noise and dirt by hammers and drills
- It keeps walls intact and is suitable for different surfaces
- It is fast! After all, time is money – especially in the office
- It is easy to handle. Anyone can stick things with tesa®

100% Quiet, clean,
fast & efficient

Easy to attach
without holes

No dirt
and dust

No
noise

Fast
assembly

Hang up calendars easily

Standard solutions tend to damage the surface when removed. Better choose a detachable solution: reliable for as long as you need it and removable afterwards without any harm to the wall.

- tesa® Smart Mounting System – Adjustable Adhesive Nails**
• For textured and sensitive surfaces like wallpaper or plaster
• For objects up to 4 kg per nail. Or the double using 2 nails*
• Height adjustable for straight alignment
- tesa® Powerstrips Large / Small / Poster / Transparent**
• Strong hold for objects on most surfaces**
• Maximum hold on smooth surfaces of up to 2 kg
• Removable without trace thanks to the Powerstrips® technology
- tesa® TACK Adhesive Putty**
• Customizable and shapeable adhesive putty
• Fixing of a variety of objects to smooth and solid surfaces
• Reusable and repositionable

Waste no time on mounting clocks

There is no need for nails and screws when hanging up heavier objects like clocks. Take one of the self-adhesive solutions of tesa® instead: Adhesive Nails and Adhesive Screws are removable without a trace, the On & Off Stick-on Tape allows to remove and reattach objects as often as you like.

- tesa® Smart Mounting System – Adjustable Adhesive Screws**
• For textured and sensitive surfaces like wallpaper or plaster
• For objects up to 3 kg per screw. Or the double using 2 screws*
• Height adjustable for straight alignment
- tesa® Smart Mounting System – Adjustable Adhesive Nails**
• For textured and sensitive surfaces like wallpaper or plaster
• For objects up to 4 kg per nail. Or the double using 2 nails*
• Height adjustable for straight alignment
- tesa® On & Off Extra Strong Hook & Loop Tape**
• Self adhesive hook and loop tape
• For heavy objects like tools, can be cut to size
• 1,000 times open and close

Celebrate with decoration

Whatever the occasion, with tesa® all decorations are easily attached as well as removed without any trace to be stored for the next celebration. Choose your solution for the fast and removable fixation of lightweight decorative objects.

- tesa® Powerstrips Transparent Deco Hooks**
• Ideal to hang up decorative objects**
• Removable without trace thanks to the Powerstrips® technology
• Reusable with new tesa® Powerstrips transparent Deco

Mounting solutions for daily tasks

“In trainings and projects, I use visual aids like colored cardboard shapes and prompt cards. These are placed on boards during meetings. To avoid covering the text with magnets, I require a temporary mounting solution that allows for multiple repositioning.”

Emily • HR Manager

“Working in and around buildings, I frequently have to mount objects like signs. I'm seeking a clean and tidy mounting solution that also offers speed and efficiency due to my daily task load.”

Peter • Facility Manager

“In my creative role, I enjoy pinning inspiration and project drafts on my office walls. I also like to keep an overview of all my appointments and meetings with a visible calendar, which I can easily mount and remove without a trace by myself.”

Julia • Product Designer

“As a landlord, maintaining the value of the building and an attractive interior is of utmost importance to me. A mounting solution that maintains a clean appearance without drilling holes or damaging walls and surfaces is critical for both me and my tenants.”

Martin • Landlord

A safe place for routers

Even heavy devices like routers can stick to a wall without any damage by drills or hammers. Even better: If you wish to rearrange the device, the reliable tesa® smart mounting solutions can be removed without leaving any trace.

- tesa® Smart Mounting System – Adjustable Adhesive Screws and Nail for Devices** Page 18
- For textured and sensitive surfaces like wallpaper or plaster
 - For devices up to 0.5 kg per nail / up to 3 kg per screw*
 - Height adjustable for straight alignment

More sustainability starts with the packaging

The new tesa® EcoPack is our latest achievement on our way to make sustainability a priority at tesa®. Here, the plastic top of the outer packaging is made from 100 % recycled post-consumer recycled (PCR) plastic. Products of the tesa® Smart Mounting System are among the first to be wrapped in the EcoPack.

tesa® Powerbond

Affix flat objects to walls effortlessly and swiftly using our double-sided mounting tapes – available in various versions like Ultra Strong for heavier items or Transparent suitable for windows and mirrors. Need an outdoor solution? Our Powerbond® has that covered too.
