

tesa® Insect Stop ALU Telescope Pro With Adjustable Frame For Doors

Product Information

BNR 55277

Product Description

The high-quality insect screen for patio and balcony doors: The fly screen with frame - for a result like from the craftsman. Easy installation as well as high quality and durability are made possible by the firmly pressed aluminum profiles. Good visibility and air circulation is ensured by the Clearview Plus fabric.

Product Features

- The fly screen door with robust aluminum frame - developed for all those who have high demands on quality and durability
- Insect protection in craftsman quality: Prefabricated, pressed corners ensure maximum stability
- No more sawing necessary: Uncomplicated assembly due to individual dimensional adjustment with the help of the extendable aluminum profiles
- Convenient prefabrication: Hinges already pre-assembled on the frame
- Pre-assembled magnets: The door closer magnets are already integrated into the telescopic frame
- Reliable sealing: The fly screen has convenient brush seals, some of which are already installed
- Individually adjustable spring tension: This allows for customization as needed
- Clearview Plus fabric: The fabric made of durable, anthracite-colored fiberglass offers more transparency and optimized ventilation properties - for good visibility and air circulation
- 10-year warranty on the frame: Fly protection in the high quality you have come to expect from tesa
- Choice of two colors: profiles available in anthracite or white
- Dimensions: Adjustable from a minimum of 0.79 m x 1.8 m to a maximum of 1 m x 2.2 m
