

Keep track of your orders status in tesa[®]PRO

Complete order status to be track now.

Effective immediately, tesa[®]PRO provides you even more transparency from order to delivery, you can see everything! Thanks to the new tracking feature on tesa[®]PRO!

Your benefits of ordering with tesa[®] PRO:

- Online order and transparency until delivery
- **NEW:** Order status of all shipments to be tracked real time at the carrier
- View and download all documents (order confirmations, invoices, delivery notes)

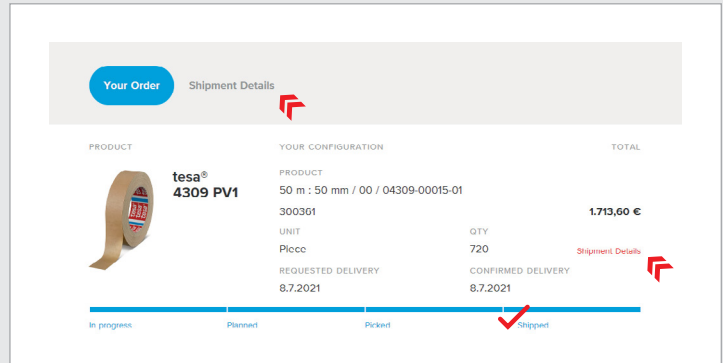

Keep an eye on your shipments.

For perfect transparency use the new shipment tracking on tesa® PRO.

More details on delivery

In “my orders” you can find the complete update on your item’s order status at any time. The minute the shipment is handed over to the forwarder or carrier, the status “dispatched” is marked (✓) in the blue bar.

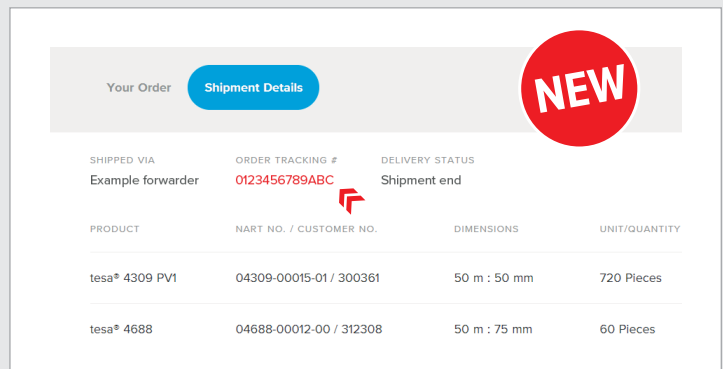

Additionally, “shipments” pops ups twice (📦) – so you can click directly on the updated status of delivery.

Tracking made easy

Clicking on “shipments”, you reach the new tracking feature: Here you will find all details related to your shipment as well as the tracking number (📦).

Just click on the tracking number to be directed to the shipment tracking system of the carrier!

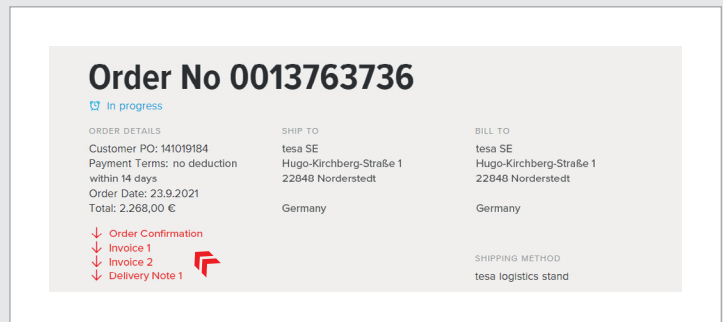

All documents at hand

Attached to any of your orders, you can view and download all related documents (📦):

- Order confirmation(s)
- Invoice(s) – immediately after dispatch
- Delivery note(s) – after delivery

With tesa® PRO you can keep an eye on everything.
