

# tesa® ACXplus 7043

## Product Information

640 µm double-sided acrylic core tape

### Product Description

tesa® ACX<sup>plus</sup> 704x series is a high-performance acrylic core tape offering two color options to blend in with the bonded substrates. It is a high-performance acrylic core tape for permanent indoor mounting applications.

### Product Features

- Available in gray and white color
- The color options adapt very well to metal and plastic surfaces to avoid reflections

### Application Fields

Exemplary mounting applications in different industries (e.g. extruder, appliances, interior fit-out, signage) include:

- Decorative elements
- Touchpanel bonding (e.g. washing machines)

### Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

### Product Construction

- |                    |                |                   |        |
|--------------------|----------------|-------------------|--------|
| • Backing material | filled acrylic | • Total thickness | 640 µm |
| • Type of adhesive | pure acrylic   |                   |        |

### Adhesion to Values

- |                        |         |
|------------------------|---------|
| • Steel (after 3 days) | 29 N/cm |
|------------------------|---------|

### Additional Information

For more technical data please click on the following link to open our technical information sheet:

<https://www.tesa.com/ACX<sup>plus</sup>/TI-sheet>

The product is recommended for indoor usage. For permanent outdoor applications with load-bearing requirements, our product offer is tesa® ACX<sup>plus</sup> 707x series. To ensure the highest performance possible, our aim is to fully understand the application (including the substrates involved) to provide the best product recommendation.

Liner options:

- PV26: White paper liner – unbranded
- PV28: Blue film liner – unbranded
- PV48: White film liner – branded
