

tesa® 53938

Product Information

General Purpose Soft PVC Tape

Product Description

tesa® 53938 is a general purpose soft PVC tape, comprised of a soft polyvinyl chloride (PVC) backing in combination with a natural rubber-based adhesive. tesa® 53938 is universally applicable, though it is exceptionally qualified for applications in electric installation work, repairing or bundling. The PVC-backing makes for high durability strength, and the natural rubber adhesive ensures a good adhesion to various surfaces. tesa® 53938 is available in the colors black, red and yellow.

Benefits:

- Flexible soft PVC backing for excellent conformability
- Good electrical insulation properties
- RoHS and REACH compliant

Application Fields

- The general purpose soft PVC tape is suitable for electric installation work, repairing, splicing, or bundling
- tesa® 53938 is available in multiple colors and can also be used for marking and color-coding
