Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Product Construction

- | | | | |
|---|------|--------------------|---------------------|
| • Backing material | PET | • Type of adhesive | water-based acrylic |
| • Bio-based carbon content of liner (acc. DIN EN 16640) | 90 % | • Total thickness | 56 µm |

Product Assortment

- | | |
|--------------------|---------------------------|
| • Available colors | transparent, white, brown |
|--------------------|---------------------------|

Properties/Performance Values

- | | | | |
|-------------------------|---------|------------------------------|--------------------|
| • Elongation at break | 130 % | • Packaging Weight | Up to 30 kg |
| • Tensile strength | 60 N/cm | • Printability | very good |
| • Automatic application | no | • Silent unwinding | yes |
| • Hand tearability | low | • Suitable for deep freezing | yes |
| • Humidity resistance | yes | • Transport Information | Temperature 0-70°C |

Adhesion to Values

- | | |
|---------|--------|
| • Steel | 3 N/cm |
|---------|--------|

Certificates

Sustainability Certificates

- Tested according to INGEDE method 12. Test report available
