tesa® 51482

Product Information

HD PVC Pipe Wrap, Isolation tape

Product Description

Highly flexible anti corrosive tape, Excellent insulating properties.

Applications

- Electrolysis barrier between dissimilar metals
- Joining sub concrete membranes

For the corrosion and abrasion protection of undergournd and above ground pipes. For the joining of large electrical cables and conduit. For use as an electrolysis barrier between dissimilar metals. For joining subconcrete membranes.

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Applications

• Backing	PVC film		• Total thickness	250 µm
• Type of adhesive	rubber based		• Color	black

Properties/Performance Values

• Elongation at break	230 %		• Tensile strength	42.4 N/cm

Adhesion to Values

- Steel   2.2 N/cm
