

# tesa<sup>®</sup> 53499

## Product Information

Premium strength tear tape

### Product Description

tesa<sup>®</sup> 53499 combines our strongest tensilized polypropylene backing with synthetic rubber adhesive.

tesa<sup>®</sup> 53499 tear tape has good initial tack, excellent shear resistance and strong ultimate adhesion. The product features excellent adhesion to highly recycled cardboard.

### Product Features

- tesa<sup>®</sup> 53499 tear tape has good initial tack, excellent shear resistance and strong ultimate adhesion.
- The product features excellent adhesion to highly recycled cardboard.

### Applications

- Heavy duty tear tape for corrugated and solid board applications
- Excellent adhesion to myriad of cardboard qualities

### Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

### Applications

- |                    |                  |                   |        |
|--------------------|------------------|-------------------|--------|
| • Backing          | MOPP             | • Total thickness | 180 µm |
| • Type of adhesive | synthetic rubber |                   |        |

### Properties/Performance Values

- |                       |      |                    |          |
|-----------------------|------|--------------------|----------|
| • Elongation at break | 35 % | • Tensile strength | 450 N/cm |
|-----------------------|------|--------------------|----------|

### Adhesion to Values

- |         |           |
|---------|-----------|
| • Steel | 10.5 N/cm |
