

tesa® Professional 60042

Adhesive Remover

Product Information

Adhesive remover spray for the easy removal of glue residues

Product Description

Removing glue, labels or price tags really can be a hassle and removing the residues of bonding agents sometimes is anything but a trivial job. With the tesa® Adhesive Remover spray you can easily remove residues of most adhesive tapes, glues and labels. This adhesive remover will even remove super glue. The silicone-free spray works with most surfaces, such as plastics, glass or metal. Simply spray it on the surface, wait for 5 minutes and wipe off any glue residues with a cloth. The glue remover will stay effective for a sufficiently long time and then simply evaporates without leaving traces.

Product Features

- Reliably removes stubborn residues of most adhesive tapes, glues and labels
- Evaporates without leaving residues
- Spray reaches even concealed and hard to reach places
- Free from silicone
