

# tesa® ACXplus 77206

## Base Line

### Product Information

0.6 mm double-sided acrylic foam tape

### Product Description

tesa® ACX<sup>plus</sup> 77206 is a single layer acrylic foam tape designed for automotive attachment parts. Its viscoelastic acrylic foam core achieves reliable and high bonding performance on a variety of substrates, and it can withstand changing environmental conditions throughout the lifetime of a vehicle.

Also available in 0.4mm, 0.8mm, 1.0mm and 1.2mm thickness.

### Main Features

- Viscoelastic acrylic foam core compensates stress caused by different thermal elongation of bonded parts
- Good dynamic and static shear resistance over a wide temperature range
- PFAS / PFOS free Product
- High UV resistance
- Good converting properties.

### Application Fields

tesa® ACX<sup>plus</sup> 77206 is suitable for permanent exterior mounting applications like:

- Emblems
- Antennas
- Window Seal

To ensure the highest performance possible, our aim is to fully understand your application in order to provide the right product recommendation.
