

tesa® 4313

Product Information

High Adhesion Premium Packaging Tape with Paper from Responsible Sources

Product Description

tesa® 4313 PV12 is a high adhesion premium packaging tape featuring a paper backing with a silicone-free release coat and a solvent-free synthetic rubber adhesive system. The tear-resistant premium paper backing is made with paper from well-managed certified forests and other controlled sources. tesa® 4313 PV12 synthetic rubber adhesive provides very strong adhesion and tack on a wide variety of different carton qualities and is therefore ideal for the sealing of medium-and heavy-weight cartons. The backing is based on paper, a natural, sustainable material. As the product is chlorine-free and is based on derivatives of solely mineral oil, the disposal by heat treatment is environmentally friendly. The combination of the certified paper backing and solvent-free synthetic rubber adhesive makes the premium paper packing tape environmentally and recycling friendly according to the INGEDE method. tesa® 4313 PV12 can be used manually or with a dispensing machine and is available in the colours chamois and white. The premium paper packaging tape is printable.
