

# tesa<sup>®</sup> ACXplus 7078 High Resistance

**Product Information** 

ACX<sup>plus</sup> High Resistance 2000µm

## **Product Description**

tesa® ACX<sup>plus</sup> 7078 is a black acrylic foam tape. It consists of a high-performance acrylic system and due to its unique components it combines a very good temperature resistance with an outstanding cold shock resistance up to -40°C. It is designed for demanding outdoor bonding applications especially in combination with the tesa Adhesion Promoters. The visco-elastic, foamed acrylic core compensates different thermal elongation of bonded parts.

## **Product Features**

- Outstanding cold shock performance down to -40 °C
- In combination with out adhesion promoters a secure and reliable bond in outdoor conditions

## **Application Fields**

Bonding of panels and reinforcement bars in the following Industries:

- Doors & Windows
- Elevator
- Production Equipment
- Transportation

#### Technical Information (average values)
