

tesa® Lavaa shower basket medium, self-adhesive, matt black high-quality plastic

Product Information

BNR 40516

Product Description

Give any bathroom a modern look with a matt black tesa® Lavaa shower basket – using drill-free, adhesive tesa® Powerstrips Waterproof technology. A strong and durable solution that can hold up to 3 kg. The shelf has a drainage system which allows water to flow through, keeping bottles dry. Because of the easy application, the basket can be removed from its mount for cleaning. tesa® Powerstrips Waterproof are designed specially to fix objects to surfaces in wet areas and can be removed without leaving a trace. The rack can be remounted using tesa® Powerstrips Waterproof XL refill strips.

Product Features

- Adhesive strips: Fast, clean and easy installation with tesa® Powerstrips Waterproof technology – developed specially to fix objects to wet areas
- Medium-sized rectangular basket designed for showers and bathtubs – a stylish and practical way to keep toiletries within reach
- A colour concept: Matt black shower basket – the ideal accessory to match black and white design concepts or to stand out as a one-piece shelf
- Made of high-quality, resistant plastic material with drainage holes – keeping bottles dry
- Easy installation with tesa® Powerstrips Waterproof technology: Moisture-resistant, durable hold – with trace-free removal
- Hassle-free: No drilling needed, can be removed without damaging surfaces – perfect for rented flats
- Waterproof and secure: Has a holding power of up to 3 kg – even when wet
- Adheres to glazed tiles, marble, metal, glass, wood, and plastics (ABS, PS and acrylic glass)
- Not suitable for stone, cement, wallpaper, plaster, enamel varnish and plastics such as PP, PE and PTFE
- Dimensions: 260 mm x 130 mm x 110 mm

Application Fields

Mounting

1. Clean the surface with alcohol or silicone-free glass cleaner
2. Wipe the waterproof primer over the surface using the primer tissue and wait for 10 seconds to allow the primer to evaporate
3. Attach the Powerstrips® to the base plate of the basket – press firmly for a minimum of 5 seconds
4. Remove the cover sheets from the Powerstrips®
5. Position the basket on the surface – press firmly towards the wall
6. Slide the basket upwards and take it off the base plate – press the base plate firmly for a minimum of 5 seconds
7. Position the basket on the base plate and slide down until it snaps into place

Disassembly

1. Slide the basket upwards and take it off the base plate
2. First stretch the tab of the Powerstrip® to around 3–5 cm, hold the base plate tight – don't press it on, and keep stretching the Powerstrip® parallel to the surface (do not pull strip away from the surface, as Powerstrip® may rip)
