

tesa® Baboo Storage Box S, Self-Adhesive, Bamboo & High-Quality Plastic

Product Information

BNR 40521

Product Description

Small wall-mountable tesa® Baboo storage box with lid. No drill, easy and fast mounting using the tesa® Powerstrips Waterproof technology. Modern design made of matt white high-quality plastic with an urban, natural bamboo lid. Keep objects such as lipsticks, nail polish, cotton buds and much more in order. Small and practical size: space-saving solution for small bathrooms. The included adhesive tesa® Powerstrips Waterproof XL strips ensure a secure bonding with a holding power of up to 3 kg. They are removable without leaving any residues. tesa® Baboo boxes are available in different sizes. The box can be remounted using tesa® Powerstrips Waterproof XL refill strips.

Product Features

- Storage box with tesa® Powerstrips Waterproof technology (all-in-one adhesive mounting solution), 3 kg max. holding power
- Box with lid and small size offers space to store small toiletries
- Modern design, urban material mix – natural bamboo lid paired with matt white high-quality plastic box
- Space-saving bathroom storage solution for keeping bathroom essentials well organised and easy to reach
- Reliable, durable wall mounting, easy, clean and fast to install, no drilling needed, removable without a trace, no surface damage
- Adheres to glazed tiles, marble, metal, glass, wood, and plastics (ABS, PS, acrylic glass)
- Not suitable for stone, cement, wallpaper, plaster, enamel varnish and plastics such as PP, PE and PTFE
- Reusable after removal with new tesa® Powerstrips Waterproof XL strips – available separately as a refill pack
- tesa® Baboo boxes are available in different sizes
- Product dimensions: 122mm x 110mm x 102mm

Application Fields

Mounting

1. Clean the surface with alcohol or silicone-free glass cleaner
2. Wipe the waterproof primer over the surface using the primer tissue and wait for 10 seconds to allow the primer to evaporate
3. Attach the Powerstrips® to the base plate of the box – press firmly for a minimum of 5 seconds
4. Remove the cover sheets from the Powerstrips®
5. Position the box on the surface and press firmly towards the wall
6. Slide the box upwards and take it off the base plate – press the base plate firmly for a minimum of 5 seconds
7. Position the box on the base plate and slide it down until it snaps into place

Disassembly

1. Slide the box upwards and take it off the base plate
2. First stretch the tab of the Powerstrip® to around 3–5 cm, hold the base plate tight – don't press it on, and keep stretching the Powerstrip® parallel to the surface (do not pull strip away from the surface, as Powerstrip® may rip)
