

tesa® Insect Stop Black-out and Insect Protection 2-in-1 combined Pleated Blind

Product Information

BNR 55805

Product Description

Why choose between insect screens and sun protection when you can have both? The Insect Stop 2-in-1 fly screen for roof windows offers both. It is suitable for many roof windows thanks to its flexible adjustment and is easy to install.

Product Features

- 2-in-1 insect and sun protection: With separate pleated blinds for required protection or simultaneous use
- Restful sleep: The pleated skylight blind with insect protection ensures a pleasantly dark bedroom
- Practical: When used at the same time, the adjustable, pleated window blinds can be clicked into each other to make them easier to move up and down
- Additional insulation due to honeycomb structure: Less heat penetrates the house in summer, and less cold in winter
- Telescopic profiles spare the need for sawing: The pleated blinds can also be cut to size using the template provided
- Installation without drilling: Thanks to the 8-point mounting system with tesa® Powerstrips, the blackout shades stick securely and can be removed without a trace if required
- Permeable: Even when the pleated insect screen is pulled down, you can still see out of the window
- 5-year warranty: High-quality aluminium profiles and the polyester fabric ensure that the pleated blind will last for years
- Scope of delivery: Fly screen and pleated blackout blind, telescopic frame, nine Powerstrips, one cutter knife, installation kit and instructions
