

# tesa® Baboo Storage Box, Self-Adhesive, Bamboo & High-Quality Plastic

## Product Information

BNR 40520

## Product Description

The tesa® Baboo box is a practical storage solution that uses tesa® Powerstrips Waterproof technology: a drill-free, adhesive mounting solution. This open container will keep all kinds of bathroom essentials in order or make taller objects accessible and easy to reach. The box is made of high-quality matt white plastic, a look that suits any bathroom style. The included adhesive tesa® Powerstrips Waterproof strips ensure water-resistant bonding with a max. holding power of 3 kg. The strips are removable without leaving residues. The box can be remounted using tesa® Powerstrips Waterproof XL refill strips.

## Product Features

\*Storage box with tesa® Powerstrips Waterproof technology (all-in-one adhesive mounting solution), 3 kg max. holding power

- Open box offers space to store items like hair and cosmetic brushes and much more
- Modern design, matt white high-quality plastic box
- Space-saving bathroom storage solution for keeping bathroom essentials well organised and easy to reach
- Reliable, durable wall mounting, easy, clean and fast to install, no drilling needed, removable without a trace, no surface damage
- Adheres to glazed tiles, marble, metal, glass, wood, and plastics (ABS, PS, acrylic glass)
- Not suitable for stone, cement, wallpaper, plaster, enamel varnish and plastics such as PP, PE and PTFE
- Reusable after removal with new tesa® Powerstrips Waterproof XL strips – available separately as a refill pack
- tesa® Baboo boxes are available in different sizes
- Product dimensions: 86mm x 110mm x 80mm

## Application Fields

### Mounting

1. Clean the surface with alcohol or silicone-free glass cleaner
2. Wipe the waterproof primer over the surface using the primer tissue and wait for 10 seconds to allow the primer to evaporate
3. Attach the Powerstrips® to the base plate of the box – press firmly for a minimum of 5 seconds
4. Remove the cover sheets from the Powerstrips®
5. Position the box on the surface and press firmly towards the wall
6. Slide the box upwards and take it off the base plate – press the base plate firmly for a minimum of 5 seconds
7. Position the box on the base plate and slide it down until it snaps into place

### Disassembly

1. Slide the box upwards and take it off the base plate
2. First stretch the tab of the Powerstrip® to around 3–5 cm, hold the base plate tight – don't press it on, and keep stretching the Powerstrip® parallel to the surface (do not pull strip away from the surface, as Powerstrip® may rip)
