

tesa® Baboo Storage Box L, Self-Adhesive, Bamboo & High-Quality Plastic

Product Information

BNR 40523

Product Description

Large tesa® Baboo storage box with lid. No drill, easy and fast mounting using the tesa® Powerstrips Waterproof technology. The box is made of matt white high-quality plastic with a bamboo lid. Convenient and complementary storage space to keep objects such as body care products organised and reachable. tesa® Powerstrips Waterproof is a powerful and water-resistant adhesive solution with a hold of up to 3 kg. The strips are easy to remove and residue-free. tesa® Baboo boxes are available in different sizes to mix and match for a complete space-saving storage solution. The container may be remounted using tesa® Powerstrips Waterproof XL refill strips.

Product Features

- Storage box with tesa® Powerstrips Waterproof technology (all-in-one adhesive mounting solution), 3 kg max. holding power
- Box with lid and large size offers enough space to store larger toiletries
- Modern design, urban material mix – natural bamboo lid paired with matt white high-quality plastic box
- Space-saving bathroom storage solution for keeping bathroom essentials well organised and easy to reach
- Reliable, durable wall mounting, easy, clean and fast to install, no drilling needed, removable without a trace, no surface damage
- Adheres to glazed tiles, marble, metal, glass, wood, and plastics (ABS, PS, acrylic glass)
- Not suitable for stone, cement, wallpaper, plaster, enamel varnish and plastics such as PP, PE and PTFE
- Reusable after removal with new tesa® Powerstrips Waterproof XL strips – available separately as a refill pack
- tesa® Baboo boxes are available in different sizes
- Product dimensions: 182mm x 210mm x 102mm

Application Fields

Mounting

1. Clean the surface with alcohol or silicone-free glass cleaner
2. Wipe the waterproof primer over the surface using the primer tissue and wait for 10 seconds to allow the primer to evaporate
3. Attach the Powerstrips® to the base plates of the box – press firmly for a minimum of 5 seconds
4. Remove the cover sheets from the Powerstrips®
5. Position the box on the surface and press firmly towards the wall
6. Slide the box upwards and take it off the base plates – press the base plates firmly for a minimum of 5 seconds
7. Position the box on the base plates and slide it down until it snaps into place

Disassembly

1. Slide the box upwards and take it off the base plates
2. First stretch the tab of the Powerstrip® to around 3–5 cm, hold the base plate tight – don't press it on, and keep stretching the Powerstrip® parallel to the surface (do not pull strip away from the surface, as Powerstrip® may rip)
