

DISCOURAGE BURGLARS!

3655

break-ins a day
in Europe

Source: EUROSTAT

The good news:
most thieves are lazy

Patio doors **51.7%**

Windows **31.7%**

Front door **9.1%**

Cellar windows **6.8%**

They mainly try to enter through
ground level doors & cellar windows

Source: BHE Bundesverband Sicherheitstechnik e.V.

And they only try for

2 TO 5

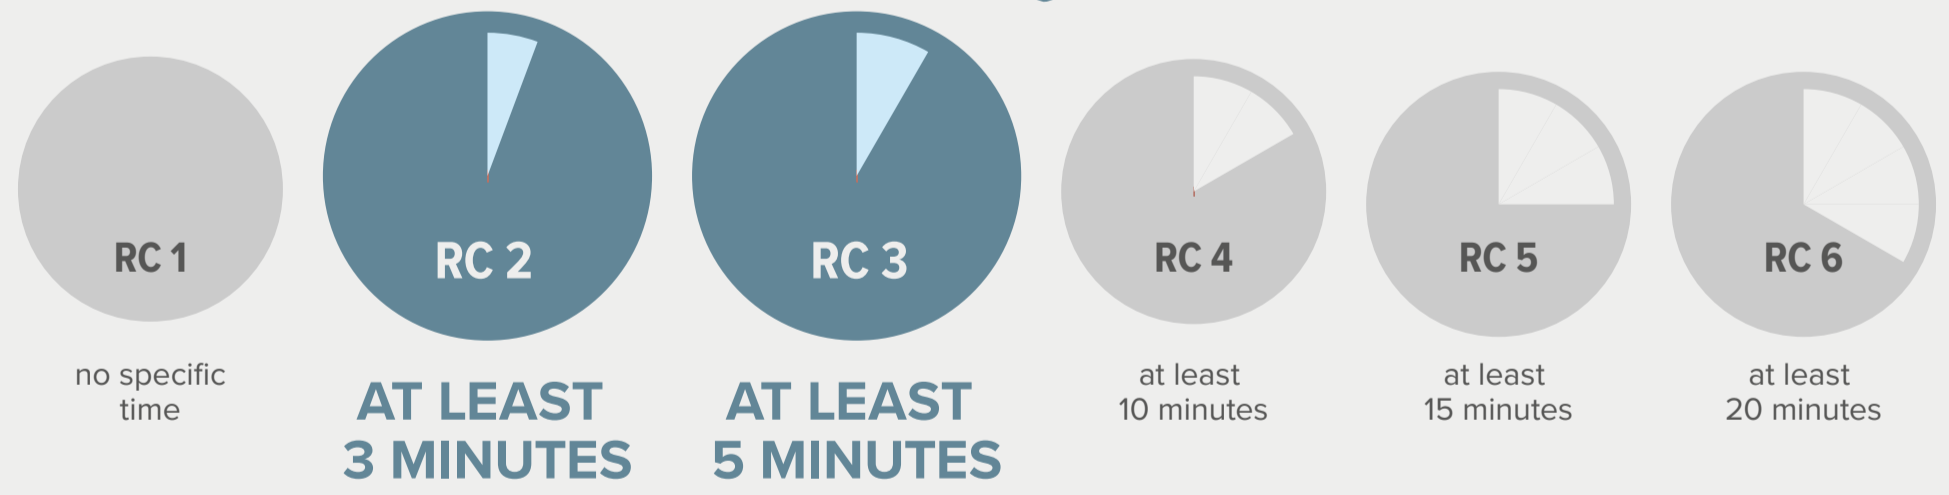

minutes

Source: BHE Bundesverband Sicherheitstechnik e.V.

There are

6 resistance classes (RC)
for burglary protection:

With our partners we increase window and door protection from RC 1 up to **RC 2** and **RC 3**

That's enough to
discourage most burglars

45%

of burglars give up before they can enter a home.

With tesa®, it could be even more.
