

tesa® EasySplice 51786 Detect Plus Double-sided splicing tape

tesa® 51786 EasySplice® Detect Plus is a double-sided integrated flying splice tape consisting of an aluminised flat-back paper and an acrylic adhesive.

tesa® 51786 EasySplice® Detect Plus features especially

- Very high tack properties
- Very high shear resistance
- Extremely good heat resistance
- Best adhesion on coated and uncoated paper
- Low splice thickness
- Reliable detection of splice position
- Smooth and easy application due to a flexible backing

The innovative tape composition includes the following functions:

- Slit liner for the secure fixation of the top sheet
- Aluminised backing for a reliable detection of the splice position
- Adhesive formulation with very high tack properties for excellent contact between expiring web and new reel
- Available with one or two splitting strips with paper backing for a smooth opening of the new paper reel without jeopardizing the printing process
- White paper backing for a fully printable splice due to an internal aluminisation

Colour: Orange

Main Application

tesa® 51786 EasySplice® Detect Plus is particularly suitable for:

- Flying splices in web printing industry

Technical Data

▪ Backing material	aluminised paper	▪ Elongation at break	6 %
▪ Color	orange/silver	▪ Tensile strength	36 N/cm
▪ Total thickness	110 µm	▪ Shelf life time (packed) < 25°C	18 months
