

tesa[®] 50540 Assemblyguard

Product Information

Temporary protection tape for freshly painted car bodies

Product Description

tesa[®] Assemblyguard 50540 is a premium grade self-adhesive tape that has been developed for the protection of delicate surfaces, e.g. painted metal surfaces during automotive assembly. The product consists of an air bubble film coated with a paint compatible adhesive. Applied after the painting process, tesa[®] Assemblyguard 50540 provides reliable protection for painted surfaces susceptible to damage during the assembly process. Due to the cross perforation of the product it is easily hand tearable without using any cutting devices. tesa[®] Assemblyguard 50540 is recommended for indoor applications only.

Product Features

- Air bubble film for premium protection
- Perforation for simple handling and application
- Good adhesion and traceless removal
- Due to the cross perforation of the product, it is easily torn by hand without using any cutting devices.

Application Fields

- Protection of painted surfaces during the assembly process
