tesa® 4338 PV0

Product Information

Product Description

tesa® 4338 is a green colored smooth masking tape for highly demanding paint masking applications, especially in transportation sectors such as marine, train, truck and various others where high conformability and clean paint edges are required.

The aging resistant natural rubber adhesive has a good quick stick, provides outdoor usability for up to seven-days, temperature resistance up to 120 °C / 248 F and clean removal.

Benefits:

• High visibility due to vivid color

• Excellent handling (easy and controlled unwinding, finger friendly, and

high conformability)

• For multiple drying cycles – up to six cycles at 120 °C/40 min

• Excellent adherence of paints and fillers

• Good quick stick for secure fixation of masks without peel-off

• Clean paint edges

• Seven-day UV resistance for short outdoor storing of masked objects
