

tesa® 4308

Product Information

Premium Masking Tape for High Demanding Paint or Lacquer Applications

Product Description

tesa® 4308 is a smooth crepe paper masking tape with a natural rubber adhesive, which has been developed especially for highly demanding masking applications in the automotive aftermarket and transportation industries. The automotive adhesive tape is suitable for masking during spray painting with following oven drying, resisting temperatures up to 110°C. tesa® 4308 can be used either with 2-component or waterborne paints. The backing resists bleed through of paint, and is highly conformable and flexible. The masking tape features excellent adhesive properties on different substrates like metal, rubber, glass and plastic, as well as high tack and good quick stick. tesa® 4308 can be removed easily without leaving any residue, and leaves clean paint results with clean paint edges. tesa® 4308 features hand-tearability and residue-free removal.

Sustainable Aspects

Product Construction

- | | | | |
|--------------------|-----------------------|--|--------------------|
| • Backing | slightly-creped paper | • Total sustainable product excl. liners by weight (acc. EN 16785) | 50 % |
| • Type of adhesive | natural rubber | • Total thickness | 170 µm
6.7 mils |

tesa® 4308

Product Information

Properties/Performance Values

• Elongation at break	13 %	• Hand tearability	very good
• Tensile strength	53 N/cm	• Paint anchorage	very good
	30.3 lbs/in	• Sharp color edge	very good
• Conformability	good	• Temperature resistance (60 min)	100 °C
• Easy to remove	yes		212 °F

Adhesion to Values

• Steel	4 N/cm
	36.5 oz/in
