

# tesa® 60418

## Product Information

Thin recycled PET packaging tape with synthetic rubber adhesive

### Product Description

tesa® 60418 is a more sustainable carton sealing tape for light and medium weight cartons with a total recycled content of 60%.

tesa® 60418 is composed of a tacky synthetic rubber hotmelt adhesive and a very thin polyester backing, which is made up of 85% recycled post-consumer waste. Due to the superior backing material properties tesa® 60418 is both thin and conformable – yet tear-resistant. It features a low unwinding force and a very good immediate closing performance making it ideal for automated process.

tesa 60418 is an excellent choice for high volume packaging applications, where both efficiency and sustainability are crucial factors.

### Sustainable Aspects

For more information: <https://www.tesa.com/product-sustainability>

### Product Features

- For cartons up to 55 lbs
- Tear resistant backing yet thin and conformable
- Ideal for automated packaging processes
- Easy unwinding
- Less roll changes due to higher roll length

### Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

### Product Construction

• Backing	PET	• synthetic rubber	None
• Bio-based carbon content of liner (acc. ASTM D6866)	85 %	• Total thickness	36 µm 1.4 mils

### Product Assortment

- Available colors                      transparent, brown, white

# tesa® 60418

## Product Information

### Properties/Performance Values

• Elongation at break	120 %	• Silent unwinding	no
• Tensile strength	38 N/cm	• Solvent free	yes
	21.7 lbs/in	• Suitable for dangerous goods	no
• Automatic application	yes	• Suitable for deep freezing	no
• Hand tearability	no	• Transport Information	Temperature 0-35°C
• Packaging Weight	Up to 25 kg		
• Printability	no		

### Adhesion to Values

• Steel	6 N/cm
	54.8 oz/in

### Certificates

#### Sustainability Certificates

- Tested according to INGEDE method 12 at an independant institute.
- Recycled content certified by an independant institute according to UNI EN ISO 14021:2021
