tesa® 4296 US PV10

Product Information

tesa® 4296US Premium Strapping tape

Product Description

tesa® 4296 is a heavy-duty strapping tape with one of our strongest tensilized polypropylene backings. The rubber adhesive system provides high initial tack to both polar and non-polar surfaces. The mono-oriented polypropylene backing exhibits superior tensile strength, and low elongation. This allows high performance in heavy-duty bundling, palletizing, and metal coil end-tabbing applications. With effortless dispensing, our tape accommodates both manual and automatic operations.

Product Features

- solvent-free adhesive
- low elongation
- good workability
- premium tensile strength

Application Fields

- Heavy duty bundling
- Temporary fixation
- Heavy duty palletizing, reinforcing, and box closure
- Metal coil end-tabbing
- High abrasion resistance

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Product Construction

• Backing	TPP	• Total thickness	155 µm
• Type of adhesive	synthetic rubber		6.1 mils
		• Color	black

Properties/Performance Values

• Elongation at break	35 %	• Solvent free	yes

Adhesion to Values

• Steel	9 N/cm
	82.2 oz/in
