

# BONDING AT THE PUSH OF A BUTTON: tesa® SPRAY GLUES

tesa® Spray Glues can be used on a wide range of different materials for every mounting task.

Whenever you need to mount large areas, tesa® Spray Glues will bond reliably, cleanly and quickly. Using additional equipment such as brushes or airguns is unnecessary for cleaning these tools.

tesa® Spray Glues help make your processes safer and more efficient. We are your competent partner for applying and handling of adhesive products.

## tesa® Spray Glue Permanent 60021

Very versatile glue for general purpose bonding materials such as paper, cardboard, felt, fabric, film, wood, leather, polystyrene and many different plastics.

### Features and Benefits:

- Clean, cost efficient, secure and fast bonding of large areas
- Disperses finely and evenly
- Fast-drying and resistant against damp and mechanical and thermal stresses
- Free from silicone and chlorinated solvents
- Temperature range -4°F–140°F [-20°C – 60°C]

Content: 500ml

## tesa® Spray Glue Extra Strong 60022

Extra strong, film-forming glue for permanently bonding materials such as fabric, plastic, cardboard, foam rubber, insulating materials, vinyl, leather, faux leather and rubber to each other or to metal and wood.

### Features and Benefits:

- Good adhesion to PE and PP
- Variable nozzle allows adjusting desired glue quantity
- Particularly suitable for automotive applications
- Free from silicone and chlorinated solvents
- Temperature range -20°F - 176°F [-30°C - 80°C], with a short term range of 212°F [100°C]

Content: 500ml

# CLEANING AT THE PUSH OF A BUTTON: tesa® SPRAY CLEANERS

Professional cleaner and remover for adhesive tape and glue applications.

tesa® Industry Cleaner 60040 prepares surfaces for optimal bonding results with adhesive tapes and spray glues.

tesa® Adhesive Remover 60042 makes the removal of adhesive residues easier.

## tesa® Industry Cleaner 60040

A versatile spray for fast and easy cleaning of machine and plastic parts, glass and metal surfaces. Removes even stubborn stains like wax, oil, grease, rubber debris and silicone residue. Evaporates without leaving residues, leaving a pleasant odor. Spray even reaches concealed and hard-to-reach places. Cleaned surfaces allow for optimum bonding with tesa® adhesive tapes and spray glues.

### Features and Benefits:

- Excellent cleaning results on machinery and other surfaces
- Free from silicone and chlorinated solvents.
- Based on aliphatic hydrocarbons and limonene.

Content: 500ml

## tesa® Adhesive Remover 60042

A spray for easy removal of glue residue from plastic parts, glass and metal surfaces. Reliably removes residues from labels and most adhesive tapes as well as grease, tar, resins and other stains.

### Features and Benefits:

- Evaporates without leaving residue leaving a pleasant odor.
- Reliable removal of glue residues
- Easy removal of labels
- Free from silicone and chlorinated solvents.
- Based on aliphatic hydrocarbons and limonene.

Content: 200ml
