## Product Information

### Premium Packaging Tape with Paper from Sustainable Sources

#### Product Description

tesa<sup>®</sup> 4313 PV10 is a premium packaging tape featuring a paper backing with a silicone-free release coat and a solvent-free synthetic rubber adhesive system. The tear-resistant premium paper backing is made with paper from well-managed certified forests and other controlled sources. tesa<sup>®</sup> 4313 PV10 synthetic rubber adhesive provides strong adhesion and tack on a wide variety of different carton qualities and is therefore ideal for the sealing of light- and medium-weight cartons. The backing is based on paper, a natural, sustainable material. As the product is chlorine-free and is based on derivatives of solely mineral oil, the disposal by heat treatment is environmentally friendly. The combination of the certified paper backing and solvent-free synthetic rubber adhesive makes the premium paper packing tape environmentally and recycling friendly according to the INGEDE 12 method. tesa<sup>®</sup> 4313 PV10 can be used manually or with a dispensing machine and is available in the colours chamois and white. The premium paper packaging tape is printable.

#### Sustainable Aspects
