

tesa® 4288

Product Information

Medium duty tensilised strapping tape

Product Description

tesa® 4288 is an extremely stable, medium duty polypropylene strapping tape with a natural rubber adhesive system.

tesa® 4288 exhibits high tensile strength with low elongation at the same time. The applied product is highly heat- and cold-resistant and due to the black backing, extremely resistant to UV-light.

Application Fields

Bundling of copper, iron and plastic pipes, palletising and coil tabbing.

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Product Construction

• Backing material	MOPP	• Total thickness	114 µm
• Type of adhesive	synthetic rubber	• Colour	black

Properties/Performance Values

• Elongation at break	35 %	• No discolouration	yes
• Tensile strength	300 N/cm	• Residue free removal	yes

Adhesion to Values

• steel	6 N/cm
