

# tesa® 64044

## Product Information

## Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

### Product Construction

- |                    |         |                   |       |
|--------------------|---------|-------------------|-------|
| • Backing material | PP film | • Total thickness | 85 µm |
| • Type of adhesive | acrylic |                   |       |

### Product Assortment

- |                    |             |
|--------------------|-------------|
| • Available colors | transparent |
|--------------------|-------------|

### Properties/Performance Values

- |                          |           |                                |                 |
|--------------------------|-----------|--------------------------------|-----------------|
| • Elongation at break    | 170 %     | • Manual application           | yes             |
| • Tensile strength       | 70 N/cm   | • Packaging Weight             | More than 30 kg |
| • Ageing resistance (UV) | very good | • Silent unwinding             | yes             |
| • Automatic application  | yes       | • Suitable for dangerous goods | yes             |

### Adhesion to Values

- |         |          |
|---------|----------|
| • steel | 3.5 N/cm |
|---------|----------|
