

tesa® 61361

Product Information

100µm double-sided black mounting and light-blocking tape with superior push-out and bonding performance

Product Description

tesa® 61361 is a double-sided black self-adhesive tape with a PET backing and tackified black acrylic adhesive. Ideal for cover lens and touch panel mounting, it provides superior bonding and push-out performance. Its special acrylic adhesive and versatility make it perfect for various surfaces.

Product Features

- · Superior push-out resistance keeps your materials securely in place, even under pressure
- Excellent bonding strength ensures a secure and long-lasting hold
- · Good shock resistance provides good durability and withstands shocks and vibrations
- · Resistant to challenging environmental conditions
- Extra black color of the acrylic adhesive for very good light-blocking properties

Application Fields

- · Ideal for cover lens mounting in mobile phones, providing a secure and reliable attachment
- · Perfect for touch panel mounting, offering high bonding strength and good shock resistance
