

# tesa® 4195 PV4

### tesa tesa tesa tesa

#### **Product Information**

High performance carton sealing tape

### **Product Description**

tesa® 4195 PV 4 is based on a PP backing with a special high tack water based acrylic adhesive mass. The excellent tack of the adhesive secures a good sealing immediately after applying it. Even tight packed boxes can be closed safely due to the good holding power and adhesive value.

As the product is chlorine free and based on derivatives of mineral oil only, the disposal by heat treatment is environmental friendly.

The process of cardboard waste recycling will be not disrupted as confirmed by leading recycling companies and paper mills.

#### **Product Features**

- · It offers a low noise unwinding
- It has a very good ageing and high temperature resistance for long storage times
- It can be used on all common hand dispensers and machines
- · It can withstand comparably high storage temperature

#### **Application Fields**

Manual and automatic sealing of medium-range weight cartons.

#### Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

#### **Product Construction**

•	Backing	PP film	•	lotal thickness	60 µm
•	Type of adhesive	acrylic			

#### **Properties/Performance Values**

•	Elongation at break	140 %	•	Automatic application	yes
•	Tensile strength	55 N/cm	•	Manual application	yes

#### Adhesion to Values

• Steel 3 N/cm
