

tesa® 76115

Product Information

150µm d/s black quick bonding and residue free removable tape

Product Description

tesa® 76115 is a double-sided reinforced black mounting tape with a special quick bonding and easy removable adhesive

Product Features

- Thickness: 150µm
- High tack and quick bonding even on LSE substrates
- Temperature sensitive removing with very fast and residue free removability especially at elevated temperatures
- Outstanding shock resistance
- Good anti-repulsion properties to prevent lifting
- Light blocking
- Waterproofing (IPX8)
- Residue free removability

Application Fields

- Backcover bonding for mobile devices
- Display bottom mounting for OLED displays
- Permanent battery mounting or wrapping
- Demanding mounting applications for other components in electronic devices

Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

Product Construction

- | | | | |
|--------------------|-----------|-------------------|-------------|
| • Backing | PETP | • Total thickness | 150 µm |
| • Type of adhesive | specialty | • Color | black |
| • Type of liner | PET | • Color of liner | transparent |

Properties/Performance Values

- | | | | |
|------------------------------------|-----------|-------------------------------------|-------|
| • Static shear resistance at 40°C | very good | • Temperature resistance short term | 90 °C |
| • Temperature resistance long term | 60 °C | | |
