heavy metal compounds (sum below 100 ppm) and formaldehyde. • Results of PBT and vPvB assessment • PBT: Not applicable.

vPvB: Not applicable.

3 Composition/information on ingredients		
 Chemical characterization: Mixtures Description: 	Carrier: Soft PVC film with antimony trioxide as flame retardant Adhesive: mixture of natural rubber and hydrocarbon resins	
 Dangerous components: Additional information 	Void The wording of the listed hazard statements can be found in section 16.	

4 First-aid measures

Description of first aid measures	
General information	No special measures required.
 After inhalation 	Void

· After skin contact	The product is not irritating to the skin. Rinse with warm water.
· After eye contact	Void
· After swallowing	Void
· Information for doctor	Volu
• Most important symptoms and	
effects, both acute and delayed	No further relevant information available
· Indication of any immediate medical	
attention and special treatment	
needed	No further relevant information available.
5 Fire-fighting measures	
51 ne-nghting measures	
• Extinguishing media	
Suitable extinguishing agents	Use fire fighting measures that suit the environment.
For safety reasons unsuitable	
extinguishing agents	Water with a full water jet.
· Special hazards arising from the	,
substance or mixture	In the event of a fire may be released:
	Hydrogen chloride (HCI)
	Nitrogen oxides (NOx)
	Carbon monoxide (CO)
	Carbon dioxide (CO2)
	Under certain fire conditions, traces of other toxic substances cannot be excluded.
• Advice for firefighters	
• Protective equipment:	Put on breathing apparatus.
	Do not inhale explosion gases or combustion gases.

 Personal precautions, protective equipment and emergency 	
procedures	Not required.
• Environmental precautions:	No special measures required.
Methods and material for	
containment and cleaning up:	Collect mechanically.
Reference to other sections	No dangerous materials are released.
	See Section 7 for information on safe handling
	See Section 8 for information on personal protection equipment.
	See Section 13 for information on disposal.

· Protective Action Criteria for Chemicals

· PAC-1:
None of the ingredients is listed.
· PAC-2:
None of the ingredients is listed.
· PAC-3:
None of the ingredients is listed.

7 Handling and storage

· Handling

· Precautions for safe handling

No special measures required.

10 Stability and reactivity

· Reactivity · Chemical stability	No further relevant information available.
Thermal decomposition / condition	5
to be avoided:	No decomposition if used according to specifications.
 Possibility of hazardous reactions 	No dangerous reactions known
Conditions to avoid	No further relevant information available.
 Incompatible materials: 	No further relevant information available.
 Hazardous decomposition 	
products:	No dangerous decomposition products known

11 Toxicological information

· Information on toxicological effects

- · Acute toxicity:
- Primary irritant effect:
- · on the eye:

Sensitization:

 Additional toxicological information: No irritant effect. No sensitizing effect known.

The product is not subject to classification according to the calculation method of the General EC Classification Guidelines for Preparations as issued in the latest version: When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

Aquatic toxicity:	No further relevant information available.
Persistence and degradability	No further relevant information available.
Behaviour in environmental system Bioaccumulative potential	s: No further relevant information available.
Mobility in soil	No further relevant information available.
Additional ecological information:	
According to recipe contains the	
following heavy metals and	
compounds according to EC	
guideline NO. 76/464 EC:	free of heavy metals (Pb, Cd, Hg, Cr6+)
	Free of Polybrominated Biphenyls (PBBs) and Polybrominated Diphenyl Ethe
General notes:	(PBDEs) according to RoHS Directive. Generally not hazardous for water.
Results of PBT and vPvB assessme	
PBT:	Not applicable.
vPvB:	Not applicable.
Other adverse effects	No further relevant information available.
Disposal considerations	
Waste treatment methods	Smaller quantities can be dispassed with beyoshold garbage
Recommendation	Smaller quantities can be disposed with household garbage. Energy recovery: The product can be applied to a suitable waste incineration plant
	mixed waste.
	Energy recovery by incineration in an approved waste incineration plant.
	Consider the applicable regulations of the country, the State or local area.
	For larger amounts of waste: consult the authorities prior the disposal.
Uncleaned packagings:	Void
