

tesa® 62019

Product Information

Card Labels

Product Description

tesa® 62019 consists of a double-sided polyester film with a pressure-sensitive, acrylic-based adhesive. One side of the label is made of a permanent adhesive that ensures a secure bond to paper. The other side is made of a non-permanent pressure-sensitive adhesive for the secure attachment of plastic cards. UV-fluorescent pigments make sensoric detection possible.

Product Features

- Easily removable without leaving residues or damaging the card
- High adhesive reliability to all card surfaces and materials
- High processing reliability
- UV pigments enable the sensory label detection

Application Fields

Mailing of cards

Additional Information

Standard version is PV3.

Label format: 38mm x 13mm

Labels/roll: 5000 pcs.
