

tesa® VISIOON Cosmetic Mirror Double Swivel Arm, Self-Adhesive, Chrome-Plated Brass, Chromed Stainless Steel

Product Information
BNR 40611

Product Description

A mirror for all occasions: A standard mirror on one side and a 5x magnifying mirror on the other. Offering great versatility, its double-jointed arm can be adjusted according to personal needs. The chrome-plated stainless steel finish gives the mirror a sophisticated look.

Installation on the wall is carried out smoothly and without drilling, thanks to the reliable tesa® Power.Kit technology. Mounting is as easy as it gets, even for those who are inexperienced with handwork. No drill holes or residue remains after removal.

Product Features

- A double-sided cosmetics mirror with an elegant double-jointed arm - the all-rounder bathroom accessories
- The 1st side is the essential element: A 1-fold mirror is a must for daily care routines
- The 2nd side is ideal seeing details: Its 5x magnification provides a particularly detailed view
- With an articulated arm for the highest possible versatility: The double-jointed arm provides the best possible control and alignment to suit your needs
- High-quality material: Chrome-plated stainless steel gives the mirror an eye-catching look for any bathroom
- An innovative adhesive technology requiring no additional drilling: Our tesa® Power.Kit technology ensures effortless wall mounting
- Smooth, straightforward wall mounting: No previous technical knowledge is required to mount the unit - and no mess is left behind
- Powerful adhesive technology: The reliable adhesive system provides a firm and durable hold * Ideal for rented properties: Our tesa® Power.Kit technology leaves no holes and allows for damage-free removal when needed
- May be reused and repositioned: Detach the mounting without leaving a trace and remount elsewhere with a new adapter (BK164)
- Adheres to a variety of surfaces: Tile, metal, stone, marble, glass, wood and various types of plastic
- Not suitable for the following surfaces: Plaster, wallpaper, wall textiles and plastics such as PP, PE and PTFE
- Dimensions: Width 480 mm, height 308 mm, depth 257 mm, diameter 236 mm, projection max. 480 mm
