

tesa® INSECT STOP Pleated Aluminum Insect Screen Premium Roof Windows

Product Information

55804

Product Description

This tesa® INSECT STOP Fly Screen for Roof Windows Premium was specially developed for skylights. The telescopic aluminum profiles make installation easier, as there is no need to saw it. Thanks to the high-performance tesa Powerstrips®, the insect screen can be attached without drilling. This reduces installation time and the use of tools.

Product Features

- Innovative insect screen, pleated blind for skylights: Precise, adjustable telescopic profiles made of aluminum
- The insect screen especially made for skylights: Keeps flies and spiders out of the interior
- Mounting without drilling, screws and plugs: Effortless mounting with tesa Powerstrips® (provided the surface is stable)
- Time-saving installation - limited use of tools: Faster and less complicated than general solutions for protection against insects
- Gradual length adjustment: Thanks to telescopic side profiles, adjustable between 116 and 164 cm - without any sawing
- Pleated fabric can be shortened with the enclosed cutter: Width can be adjusted between 68 cm and 102 cm
- Telescopic sliding cassette: Adjustable to the desired width
- Suitable for windows positioned on an angled roof
- Stylish look: Side profiles and pleated cassettes are designed in white
- tesa's Fly Screen comes with a 5-year guarantee
- Can only be mounted on a flat roof surface
