tesa® 4651
Premium Acrylic Coated Colored Cloth Tape

tesa® 4651 is a robust, high-quality, acrylic coated cloth tape. It is based on a 145 mesh woven rayon fabric backing and a natural rubber adhesive. The cloth tape is conformable and features excellent abrasion resistance, high tensile strength, as well as a very high adhesiveness to multiple, even rough surfaces. The tape's high tack and short dwell time ensure a fast application and reliable adhesion only shortly after having been applied. The tape is hand-tearable and can be torn with precise and straight edges longitudinally and horizontally. tesa® 4651 offers exceptionally high abrasion resistance, water resistance, and can withstand temperatures of up to 130°C for short term after which it can be removed without residues. Strong cloth tape tesa® 4651 is usable for a wide range of applications in various industries. Black and blue is also available with paper liner as jumbo roll (tesa® 4651 PV9).

Main Application

- Masking while sandblasting, coating, paint spraying, etc.
- Bundling and reinforcing of freight, such as pipes or profiles
- Labeling, color coding or marking of wires, cables, etc
- Permanent sealing of pipe joints, tins and tubes
- Securing of sharp edges
- Fixing and insulating of wires

Properties

- Hand tearability
- Straight tear edges
- Easy to write on
- Suitable for die cutting
- Abrasion resistance
- Water resistance

Evaluation across relevant tesa® assortment:

- Hand tearability: yes
- Straight tear edges: yes
- Easy to write on: yes
- Suitable for die cutting: yes
- Abrasion resistance: very good
- Water resistance: good

Additional Information

Complies with LV 312-1 Dialectric strength.
