

tesa® Professional 4392

Product Information

Car masking film - masking and protecting of car bodies before filler and paint jobs

Descripción del producto

tesa® Easy Protect Premium 4392 has been developed for superior paint and filler jobs. The product prevents from inconvenient spotting on the car body after oven - or IR drying at slight residual moisture. The film on the 150m roll at a width of 4m allows easy application by only one person. The print of the film and the easy measuring guide (every 50 cm) facilitate the utilization.

Características

- The excellent electrostatic charge secures a better adherence of the film to surface.
- Outstanding paint and filler adherence enable brilliant results.

Aplicación

- Professional lacquering work * Protection of car body * Avoids spotting at slight residual moisture
