PROCESS EFFICIENCY FOR LIQUID PACKAGING BOARD PRODUCTION

Our Specialty Tapes for All Process and Design Requirements
Due to the composition of liquid packaging boards and strict industry standards, production properties significantly differ from other paperboard packaging materials. With more than 40 years of experience in the Paper & Print industry, we support board producers achieve the best quality results by developing tailor-made products for every step of the value chain.

Covering all applications in production from printing to splicing, slitting, and converting, we are able to help you optimize operations to the fullest and boost your productivity sustainably.

**Printing**

**Plate Mounting**
Our comprehensive assortment of plate mounting solutions consists of double-sided tapes with foam, film, or cloth backings and reusable self-adhesive sleeves.

- tesa® Softprint
- tesa® Twinlock
- tesaprint® film and cloth tapes

**Edge Sealing**
Standard solutions sometimes need additional support to guarantee the best print results. With our solutions for edge sealing, you can increase your process security and efficiency.

- tesa® 4104
- tesa® 4124

**Butt Splicing**
To ensure reliable splicing processes, our tapes offer high shear resistance, prevent adhesive bleeding, and are designed for manual as well as automatic application.

- tesa® 64432
- tesa® 4432
- tesa® 4104

**Our Plate Mounting Assortment**

<tbody>
<tr>
<td>tesa® Twinlock self-adhesive sleeves</td>
<td>tesa® Twinlock is the reusable, self-adhesive, and compressible sleeve that provides consistency in high-quality printing. The unique concept of tesa® Twinlock is to provide sustainable and reusable plate mounting solutions for cost-efficient and consistent print jobs.</td>
</tr>
<tr>
<td>tesa® Softprint foam tapes</td>
<td>Increasing demands on print quality combined with high levels of process efficiency call for specifically tailored plate mounting tapes. Our tesa® Softprint assortment provides distinctive product lines for flexo printers to fulfill any requirement.</td>
</tr>
<tr>
<td>tesaprint® film and cloth tapes</td>
<td>As part of our comprehensive assortment of tesa® plate mounting tapes, we offer incompressible tapes with film or cloth backings, used whenever a cushion (through a foam tape) is not required.</td>
</tr>
</tbody>

Coating and Laminating

Flying Splices
Our tesa® EasySplice solutions stand for top splice security at the highest speed. They make easy and time-saving splice preparation possible.

- tesa® 51918
- tesa® 51910

Roller Wrapping
Smooth runs through the production process are enabled with our highly durable roller wrapping tapes.

PTFE tapes:
- tesa® 4820
- tesa® 4830

Silicone tape:
- tesa®
  Printer’s Friend 4863

Belt Creation
We enhance process efficiencies by creating a PTFE belt with two single-sided tapes offering high temperature and abrasion resistance and proven extended durability.

- tesa® 4820
- tesa® 4830

Finishing

Core Starting
For the different and often rough core surfaces, we provide tapes with high coating weight and tack to ensure immediate and reliable bonding.

- tesa® 51194
- tesa® 51904
- tesa® 64620

End Tabbing
Our end tabbing tapes offer high tack and durable backings to ensure secure transportation also under changing environmental conditions.

- tesa® 4104
- tesa® 4124

Greater Efficiency Within Production Processes

Your Benefits:
- High Quality Products
- Accelerate Production
- Increase Efficiency

If you are in any doubt, our technical support staff will be glad to support you.
OUR VALUE PROPOSITION
– YOUR BENEFITS

Expertise
Our dedicated team of more than 100 experts helps to improve overall efficiency by recommending solutions that optimize your existing set-up. Whenever you need technical support, we are happy to discuss specific product needs and testing requirements at our or your facilities.

Innovation
Our specialized R&D engineers are focused on developing innovative and up-to-date adhesive solutions for today’s industrial challenges.

Partnerships
With over 125 years of experience as a global supplier of adhesive solutions - we are your reliable partner for liquid packaging board production. We continuously strive to help you optimize your entire value chain and to shape a business relationship of trust and reliability.

tesa® – A Global Partner

6 Regional Headquarters
4,900 Employees
Located in 50 Countries
Over 7,000 Products
14 Plants
70 Patent Applications Annually
Our management system is certified according to the standards ISO 9001, ISO/TS 16949, and ISO 14001.
