

# tesa® 51616

## Product Information

Thick PET- fleece wire harness tape for high noise reduction

### Product Description

tesa® 51616 is the cost efficient solution providing excellent noise reduction and a high abrasion resistance. It is for manual application on wire harnesses.

Features:

- hand tearable
- very high sound damping
- temperature resistance 125°C/3000h
- resistant to ageing
- rot-proof
- strong adhesion
- flexible and smooth

### Application Fields

tesa® 51616 is a wire harnessing tape designed for the passenger compartment, providing high noise damping.

### Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

### Properties/Performance Values

- |   |         |                                   |                      |
|---|---------|-----------------------------------|----------------------|
| • Elongation at break                       | 50 %    | • Temperature resistance max.     | 105 °C               |
| • Tensile strength                          | 30 N/cm | • Temperature resistance min.     | -40 °C               |
| • Abrasion resistance (10mm mandrel, LV312) | Class D | • Unwind force (roll width < 9mm) | 12 N/roll (30 m/min) |
| • Abrasion resistance (5mm mandrel, LV312)  | Class C | • Unwind force (roll width > 9mm) | 12 N/roll (30 m/min) |
| • Noise damping (LV312)                     | Class D |                                   |                      |

### Adhesion to Values

- |         |        |
|---------|--------|
| • Steel | 3 N/cm |
|---------|--------|

### Additional Information

Standard widths: 9, 19, 25, 32 mm

Standard lengths: 7.5 m

- Most combinations of width and length are possible
- Further dimensions are available upon request
- Standard core diameter: 38 mm
