

tesa® Assemblyguard 50540

Temporary protection tape for freshly painted car bodies

tesa® Assemblyguard 50540 is a premium grade self-adhesive tape that has been developed for the protection of delicate surfaces, e.g. painted metal surfaces during automotive assembly.

The product consists of an air bubble film coated with a paint compatible adhesive. Applied after the painting process, tesa® Assemblyguard 50540 provides reliable protection for painted surfaces susceptible to damage during the assembly process. Due to the cross perforation of the product it is easily hand tearable without using any cutting devices.

tesa® Assemblyguard 50540 is recommended for indoor applications only.

Main Application

- Protection of painted surfaces during the assembly process
