

tesa EasySplice® 51910 FilmLine PLUS Double-sided splicing tape

tesa® 51910 EasySplice® FilmLine PLUS is a double-sided integrated flying splice tape consisting of a flat-back paper and a modified synthetic rubber adhesive.

tesa® 51910 EasySplice® FilmLine PLUS features especially

- Very high tack properties
- Very good adhesion values on PE and PP films
- Low splice thickness
- Printable backing

The innovative tape composition includes the following functions:

- Slit liner for the secure fixation of the top sheet
- Adhesive formulation with very high tack properties for excellent contact between expiring web and new reel
- One splitting strip with tailored opening characteristics for a smooth opening of the new reel without jeopardizing the printing process

Colour: Pink

Main Application

tesa® 51910 EasySplice® FilmLine PLUS is particularly suitable for:

- Flying splices in the flexography or rotogravure printing industry of flexible packaging material, as well as for critical substrates like breathing film.
