

**Product Information** 

Superior paper packaging tape

# **Product Description**

tesa® 4513 is a paper-based packaging tape featuring a robust paper backing and an excellent-performing synthetic rubber adhesive. The paper backing of tesa® 4513 is made with paper from well-managed forests and other controlled sources. Thanks to the silicone-free release coat, a very good pintability with all types of ink systems is secured (externally tested). The synthetic rubber adhesive system provides very high adhesion and initial tack on a wide variety of carton qualities. tesa® 4513 is the perfect solution for light- and medium-weight packaging applications (max. 15 kg) where an excellent performance is required.

### **Sustainable Aspects**

- The paper backing is made with paper from well-managed forests and other controlled sources
- Recycling-friendly according to INGEDE method 12 (100/100)
- Solvent-free production process

### **Product Features**

- Robust backing material
- Very high adhesion and initial tack
- Can be torn by hand
- Printable with all types of inks

### **Application Fields**

- Ideal for the sealing of cardboard boxes up to 15 kg
- Suitable for manual and automatic applications
- Printable with all types of ink systems

#### Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

### **Product Construction**

Backing Paper
Type of adhesive synthetic rubber
Type of adhesive Paper

# **Product Information**

# **Properties/Performance Values**

•	Elongation at break	3 %	
•	Tensile strength	70 N/cm	
•	Adhesive strength	High adhesion	
•	Automatic application	yes	
•	Hand tearability	yes	
•	Humidity resistance	medium	

# Adhesion to Values

Steel

8.5 N/cm

# **Additional Information**

Available in havana.

Low noise unwinding	no
Manual application	yes
Solvent free	yes
Suitable surfaces	Cardboard
Tear resistance	no
