Application

How to apply – Step by step 1. Before application, make sure the surface is free from grease and dirt with a silicone-free cleaner or methylated spirit.

2. After removing the foil, apply the Adhesive Strip to your surface. Press down for 5 seconds to activate the bonds. Be careful not to touch the adhesive area at any time.

3. If reusing an Adhesive Hook, apply it now. If using alone, press your object firmly on to the Adhesive Strip applying pressure for another 5 seconds.

4.. If used alone, leave the tab free behind your object, so you can grab and pull it for easy removal.
