# Discover tesa, innovative **products** for home and work.

tesa offers more than 300 solutions for the office, home and garden. On the following pages you find everything to make a good choice when it comes to mounting, packaging, renovating and repairing.

## tesa has more than 125 years of experience

- In **1896** our first technical adhesive tape was launched
- About **100** new solutions are generated by tesa each year
- Around **5,000** employees worldwide ensure the high quality of every single product made by tesa
- Around **600** chemists, engineers and product developers keep looking for even better and more environmentally friendly solutions
- With more than **7,000** adhesive products tesa is one of the leading international manufacturers of self-adhesive products and system solutions
- **For many years**, sustainability has been part of the tesa corporate strategy, resulting in recent innovations like powerful bio-based paper packaging tapes and packing tapes with high Post-Consumer Recycled PET content in backing

# Let's stick together in a **more sustainable** way!

Choosing tesa means you get high-quality adhesive power as well as more sustainable solutions. For the office, for the home or for school.

**Look out for the tesa ecoLogo® – 13 years of commitment to more sustainability**

- Eco-sourced raw materials
- Resource-friendly production
- Non-toxic ingredients
- Solvent-free coating process
- Packaging made from bio-based or recycled material
- Re-fill/Re-use of products

tesa ecoLogo® is your trustworthy sign for more sustainability.

**100%** recycled cardboard

The cores of our packaging tapes are made from 100% recycled cardboard. See pages 138 - 149

**92%** bio-based materials

The biobased content of our tesapack® Paper Strong is officially determined at 92%. See page 141

**90%** recycled PET in backing

For the new tesafilm® Eco & Crystal the content of recycled PET in film backing has already reached 90%. See page 125

# Our strategic action areas: guidelines for the way to a more **sustainable future**

Taking on more responsibility for the world around us is becoming increasingly important – for us as a company, for our employees and for our business partners and customers. That is why we aim to make sustainability a priority at tesa and get to work with this crucial transformation of our business much faster and more urgently than previously envisaged.

tesa sustainability goals

**we do** 

- reduce emissions
- source responsibly
- rethink materials
- push circularity
- support customers

## Reducing emissions

Our mission to reduce global emissions includes our own production, both upstream and downstream processes. To achieve increasing energy efficiency we are implementing technologies that are very efficient in conserving resources and energy.

## Responsible sourcing

We want to ensure that fair working conditions, human rights and environmental protection are upheld along the supply chain. In the long term, we aim to achieve 100% responsible and sustainable sourcing for all of our raw materials.

## Use of recycled and bio-based materials

We are focusing on the reducing non-recycled fossil plastics and will increasingly use recycled and bio-based materials. We will be developing many new products with sustainable contributions.

## Circularity and reduction of waste

tesa will contribute to the circular economy and use resources as carefully as possible. First and foremost, we avoid waste. Where that is not possible, we reduce it. Where waste is unavoidable, we seek to reuse or recycle it by various means.

## Enable sustainability

In addition to our own product sustainability, we are working to ensure that our customers enjoy ecological benefits through the use of our products.

## Dive deeper at tesa.com

You can also find out everything about our commitment to sustainability and about all tesa products!

The tesa.com also offers help and support, deeper insights and a lot more stories to discover.

# A world full of collaboration

As one of the leading international manufacturers of innovative adhesive tapes and self-adhesive product solutions and an independent European stock corporation (SE), we are represented in over 100 countries and are market leaders in many fields of application. All over the world our employees ensure the high quality that you can rely on.

## tesa® Masking Tape Curves

- Very flexible, therefore very suitable for curvy applications
- Highly creped paper coated with a natural rubber adhesive
- Traceless removability for up to 7 days
- Suitable for paints, lacquers and glazes

56533

## tesa® Plastering Tape PE

- Acrylic adhesive with robust PE backing
- Sticks safely to slightly rough surfaces providing protection for frames or facades
- Easy unwinding of tape
- Can resist extreme cold or heat
- Can be applied long-term: UV resistance for up to 12 weeks

55485

## tesa® Fiberglass Tape

- For covering the seams between plaster boards
- Ideal repair tape for patching drywalls and covering gaps in walls and ceilings
- Highly tear proof
- Self adhesive, it easily sticks on any clean, dry and dust-free surface

52512

## tesa® Plastering Tape PVC Embossed

- Natural rubber adhesive with a sturdy PVC backing
- Sticks safely to slightly rough surfaces providing protection for frames or facades
- The tape can be torn off by hand with a straight edge due to the embossed backing
- Also usable to bundle materials safely together or to fix items in place
- UV resistant for up to 6 weeks

55486

## tesa® Crack Cover

- Covers cracks and seams
- Self adhesive
- Minimal elevation
- Paint and wallpaper can be applied immediately after use
- Prevents wallpaper tearing permanently

05225

## tesa® Plastering Tape PVC

- Natural rubber adhesive with a sturdy PVC backing
- Sticks safely to slightly rough surfaces providing protection for frames or facades
- The tape can be torn off by hand
- Also usable to bundle materials safely together or to fix items in place
- UV resistant for up to 6 weeks

## tesa® Easy Cover Perfect+

- 2-in-1 masking tape and masking foil
- Easy to use with integrated cutter: cutting a masking foil has never been so convenient
- Japanese Washi paper coated with an acrylic adhesive
- Very sharp paint edges
- Strong hold on a variety of surfaces
- Extra tear resistant
- Traceless removability for up to 2 months
- Suitable for paints, lacquers and glazes

56570 | 56593

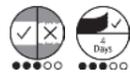

## tesa® Easy Cover Economy & Economy Paper

tesa® Easy Cover Economy contains a paint-resistant HDPE film, while tesa® Easy Cover Economy Paper contains a smooth craft paper that prevents bleed through.

- 2-in-1 masking tape and masking foil/paper
- Creped paper coated with a natural rubber adhesive
- Suitable for general purpose indoor applications
- Traceless removability for up to 4 days
- Suitable for paints, lacquers and glazes

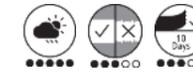

56579 | 56576

## tesa® Easy Cover Outdoor

- 2-in-1 masking tape and masking foil
- Suitable for outdoor applications
- Traceless removability for up to 10 days
- Suitable for paints, lacquers and glazes

56589

## tesa® Easy Cover Empty Dispenser

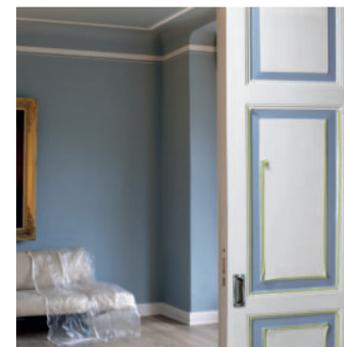

- Ideal supplement for all tesa® Easy Cover refill products
- Achieve smooth cuts with tesa® Easy Cover Empty Dispenser
- Safe application: safety blade cover to minimize the risk of injuries
- Smart design for easy use: optimal efficiency when cutting tesa® Easy Cover products

56587

## tesa® Drop Cloth Universal & Extra Strong

- Tear resistant
- Resistant to gloss solvents
- Durable PE film

Additional benefits of

tesa® Drop Cloth Extra Strong:

- Practical perforations at 1 m intervals
- Step resistant
- For indoor and outdoor use

tesa® products are tried and proven quality products which are constantly subjected to strict controls. You will achieve optimum results if you work on dry, dust-free and grease-free surfaces and by firmly pressing on the tape. To find out if the tape is suitable for your specific application, we strongly recommend that you first test it on small surfaces. Since we have no influence on your individual working conditions or the properties of all different kinds of material, no claim may arise from the statements made in this product information.

tesa®

# Repairing Tapes

Available in a wide choice of colors, sizes and specifications, the tesa® repairing and reinforcing range has tapes to suit numerous applications, including electrical insulation. Whether temperature or highly weather resistant, flame retardant or for decoration, you'll find the right tesa® tape for almost any job.

## tesa® Ultra Power Extreme

- Powerful adhesion: extremely strong hold for various challenging environments
- High versatility: with strong adhesive, the tape sticks even on rough surfaces
- Extremely weather resistant, waterproof and UV resistant
- Hand-tearable for emergency repairs
- For outdoor and indoor use

Available colors:

56623

## tesa® Ultra Power Clear

- Transparent tape for invisible repairs on glass and plastic materials
- The tape sticks even on rough or textile surfaces
- High flexibility: the tape conforms to any shape and object
- For outdoor jobs: waterproof and extremely weather and UV resistant
- Hand-tearable

Available colors:

56496

## tesa® Ultra Power Under Water

- Ideal for repairs on wet surfaces, even under water
- Exceptional adhesive power
- Conformable to any shape and object
- High resistance and durability
- Extremely weather and UV resistant

Available colors:

## tesa® extra Power Perfect

- Cloth tape for all professional solutions like handicrafts, fastening, bundling, marking and much more
- Perfect adhesive power, also on rough and oily surfaces
- For permanent high resilience and long-term results
- Weather-resistant cloth tape for indoor and outdoor applications
- Tear resistant but tearable by hand
- Can be written on

Available colors:

56341 | 56339 | 56342

## tesa® extra Power Eco Repair

- For handicrafts, repairing, fastening, bundling, strengthening, marking and much more
- Tearable by hand
- Can be written on
- Consists of natural and sustainable components
- 64% bio-based material
- Solvent-free natural rubber adhesive

Available colors:

56431

## tesa® extra Power Universal

- For handicrafts, repairing, fastening, bundling, strengthening, marking and much more
- For daily, uncomplicated solutions and quick and easy repairs
- Very good adhesion to all types of surfaces
- For indoor and outdoor applications
- Weather resistant
- Tearable by hand
- Solvent free

Available colors:

56388 | 56348 | 56490

## tesa® extra Power Transparent

- Ideal for repairs on transparent plastic material and temporary repairs on cracked glass
- Excellent adhesion to many types of surfaces, rough or smooth
- Strong, ageing-resistant adhesive
- Weather resistant and waterproof
- Very good resistance to solvents

## tesa® Aluminium Tape

- For protecting, covering, insulating and repairing
- Ideal for roof, gutter and car body repairs
- High adhesive strength
- Temperature resistant from -40 °C to +160 °C
- Water, oil and grease resistant
- Age resistant

Available colors:

56223

## tesa® StopWater Tape

- Non-adhesive, white PTFE tape
- Ultra thin
- Air and watertight seal
- Deformable and impermeable to water pressure up to 6 bar

Available colors:

56220

## tesa® Extreme Repair

- Self bonding: no adhesive needed
- Ideal for temporary repair of leaking sanitary equipment or insulating electrical wires
- Usable on wet surfaces
- High weather and UV resistance
- 12 bar pressure resistant
- Temperature resistant between -60 °C and +260 °C
- Withstands electricity of 8,000 V

Available colors:

56064

## tesa® Insulating Tape

- For insulating, repairing, bundling or color-coding
- Protects cable coverings
- Flame retardant
- Easy to wrap and mould around uneven surfaces
- Safe electrical power protection up to 7,000 V
- Certified according to IEC Norm 60454-3-1

## Thermal imaging of an outer door with and without tesamoll®

The airtightness and the energy-saving potential of the tesamoll draught excluders have been examined by an independent institute with the following impressive results: end consumers can save up to 20% of yearly energy costs by sealing their window or door gaps with tesamoll® profiles, and up to 40% in the case of large gaps.

Many doors don't close as tightly as they appear at first glance

tesa®

Insect Stop

Let the summer in to your own four walls, but leave insects outside! tesa® Insect Stop for windows and doors offers natural protection against insects that is safe and pollution free. They are easy to mount and remove, if demanded, and the products vary in their longevity.

## tesa® Insect Stop FALT for Windows

- Fast: unique tesa folding mechanism
- Simple: mounting without tools
- Flexible: adjustable for window dimensions from 80 cm x 80 cm to 140 cm x 140 cm
- Success guarantee due to pre-assembled aluminum frame
- Better ventilation through Clear View Ultra net, featuring especially thin fibres
- 5-year warranty

Available colors:

55214

## tesa® Insect Stop FALT for Doors

- Innovative fly screen door: particularly easy to install thanks to the tesa folding mechanism
- High-quality frame with high stability: due to aluminum corner caps
- Maximum flexibility: the telescopic profiles of the frame can each be adapted to the size of the patio or balcony door opening
- Proven quality: the finely woven Clear View fiberglass mesh allows optimum air and light permeability

Available colors:

55415

## tesa® Insect Stop FALT Adapter Set

- No drilling: the adapter set allows the tesa FALT aluminum frame for doors to be fitted more easily
- Ideal for rentals: an excellent alternative to drilling and screwing in the hinges
- Compatible: For use exclusively with tesa FALT aluminium door frames
- Clean installation: no scratches on surfaces

## tesa® Insect Stop Pleated Alu Insect Screen for Roof Windows, telescopic

- Innovative insect screen, pleated blind for skylights: precise, adjustable telescopic profiles made of aluminum
- Effortless mounting without drilling, screws and plugs with tesa® Powerstrips (provided the surface is stable)
- Time-saving and less complicated installation
- Gradual length adjustment: telescopic side profiles, adjustable between 116 and 164 cm – without any sawing
- Pleated fabric can be shortened with the enclosed cutter
- Stylish design: profiles and pleated cassettes in white
- tesa's Fly Screen comes with a tesa® 5-year warranty

Available colors:

55804

## tesa® Insect Stop Magnetic Curtain

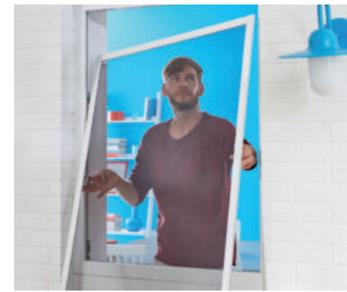

- Convenient: the magnetic insect screen curtain closes all by itself when you walk through it
- Innovative insect screen for balcony and patio doors: keeps insects and spiders out of indoor areas
- Easy attachment with the help of self-adhesive tape: for easy and quick mounting without drilling and tools
- Wide and strong tape for permanent use
- Ideal for rental flats: leaves no drill holes in the building

Available colors:

55374

## tesa® Insect Stop Alu Comfort for Windows / Doors

- Sturdy and longlasting aluminum frame screens easy assembly thanks to patented easy-fit corner connectors
- High-quality design – can be trimmed to any format
- Clear-view fabric for improved transparency and ventilation (compared with conventional fibreglass fabric)
- Also suitable for most exterior roller shutters
- tesa® 5-year warranty

Available colors:

55192 | 55195

## tesa® Insect Stop Alu Frames Comfort Adapter Set

- Enables tesa Alu Comfort doors to be mounted using clamps, without drilling or screwing
- Suitable for frame thicknesses including insulation of 13 mm to 20 mm
- Four easy steps: push clamps into place – squeeze together – lock clamps – done!
- Suitable for most door-frame systems

Available colors:

55193

## tesa® Insect Stop Refills

- tesa® Insect Stop Fibreglass: the spare fibreglass-roll for tesa® Insect stop Alu Frames – long-lasting and tearproof
- tesa® Insect Stop Clear View fibreglass refill: even greater transparency with improved airing characteristics (compared to standard fibreglass qualities)
- tesa® Insect Stop Aluminum roll refill: multi-functional – also for many usages in garden shed, carports etc

tesa® products are tried and proven quality products which are constantly subjected to strict controls. You will achieve optimum results if you work on dry, dust-free and grease-free surfaces and by firmly pressing the tape into place. To find out if the tape is suitable for your specific application, we strongly recommend that you first test it on small surfaces. Since we have no influence on your individual working conditions or the properties of all different kinds of material, no claim may arise from the statements made in this product information.

tesa®

Protect & Anti-Slip

Say goodbye to dangerous slippery surfaces, the noise of scraping furniture and banging cupboard doors with tesa® Anti-Slip Pads and tesa® Protect. Furniture and other objects glide gently across sensitive surfaces, while drawers and doors close silently and people stand safe.

## tesa® Protect Anti-Scratch Felts – cut to size

tesa® Anti-Scratch Felts can be used to protect delicate surfaces or facilitate the movement of objects over smooth surfaces.

- Protects wood, glass, parquet, laminate and tiles
- Pre-cut in different sizes or cut to size

Available colors:

57891

## tesa® Protect Anti-Scratch Felts – pre-cut

tesa® Anti-Scratch Felts can be used to protect delicate surfaces or facilitate the movement of objects over smooth surfaces.

- Prevent slipping and moving of objects
- Reduce noise when closing doors or drawers
- Protect surfaces from scratches
- Self adhesive

Available colors:

57893

## tesa® Adjustable Adhesive Screw – Textured Surfaces

- For textured and sensitive surfaces like wallpaper or plaster
- For objects up to 1 kg per screw or double that using 2 screws\*
- Height adjustable for straight alignment
- Removable without a trace
- Reusable with a new strip

77775

## tesa® Adjustable Adhesive Nail for Devices – Textured Surfaces

- Horizontally and vertically adjustable adhesive nail
- Ideal to safely mount small devices, e.g. WIFI routers
- For textured and sensitive surfaces like wallpaper or plaster
- For objects up to 0.5 kg per nail or double that using 2 nails\*
- Removable without a trace
- Reusable with a new strip

77782

## tesa® Adhesive Hook – Textured Surfaces

- Adhesive hooks for sensitive surfaces like wallpaper or plaster
- Holds objects of up to 0.5 kg per hook or double that using 2 hooks\*
- Reusable with a new adhesive strip
- Removable without a trace

Available colors:

77780

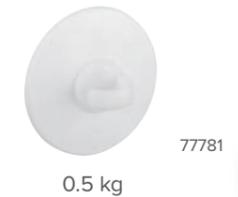

## tesa® Adhesive Ceiling Hook – Textured Surfaces

- Ceiling hook for sensitive surfaces like wallpaper or plaster
- Mounting baby mobiles and other decorative items without drilling
- Hang objects of up to 0.5 kg
- Removable without a trace
- Reusable with new adhesive strip
- Diameter Ø 60 mm

Available colors:

## tesa® Adhesive Screw Triangle – Rough Surfaces

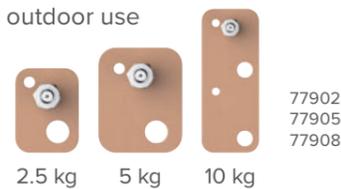

- For objects up to 5 kg per screw or double that using 2 screws\*
- For rough and solid surfaces like stone
- Angular shape to invisibly fit into corners of objects
- Removable from firm surfaces
- Suitable for indoor and outdoor use

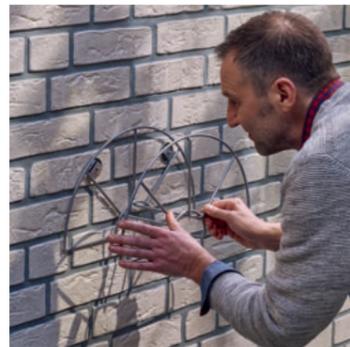

## tesa® Adhesive Screw Rectangular – Rough Surfaces

- For objects up to 2.5 kg, 5 kg or 10 kg per screw or double that using 2 screws\*
- For rough and solid surfaces like stone
- Extra slim to hide behind narrow objects
- Removable from firm surfaces
- Suitable for indoor and outdoor use

## tesa® Adhesive Screw Round – Rough Surfaces

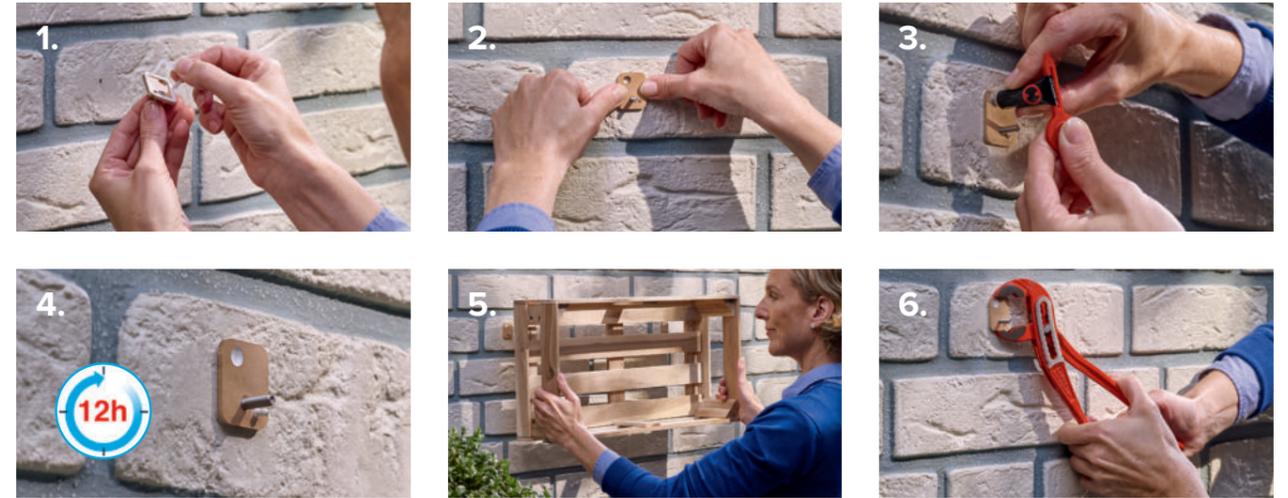

- For objects up to 5 kg per screw or double that using 2 screws\*
- For rough and solid surfaces like stone
- With design cover for visible applications
- Removable from firm surfaces
- Suitable for indoor and outdoor use

Available colors:

## Step by Step Adhesive Screw

Removable after use

## tesa® Mounting Tapes – Rough Surfaces

- Available with 1.5 m und 5 m length
- Holds up to 10 kg/m\*\*
- Ideal for outdoor applications

 \*\* A max. thickness of 10 mm and 1 kg per 10 cm tape is recommended.

# tesa® Powerbond Mounting Tapes

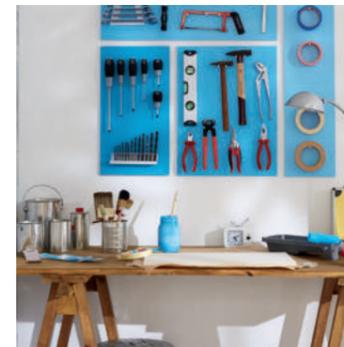

The tesa® range of double-sided mounting tapes has been designed with individual features for specific applications. Without noise, dust or risk of accidents, you can fix objects to walls in just a few simple steps. Common to all Powerbond® tapes is easy handling, strong hold and a wide variety of uses. An aid in many situations that really no household should be without.

## tesa® Powerbond Ultra Strong

- Ideal for indoor and outdoor\* use
- Ultra-strong hold
- Holds up to 10 kg\*\* per 10 cm tape
- Holds on most smooth, sufficiently firm surfaces

\* Not UV-resistant. Protect from direct contact with water  
 \*\* For flat objects up to 10 mm thick

55791

55792

## tesa® Powerbond Ultra Strong Pads

- Ideal for interior and exterior\* use
- Ultra-strong hold
- Holds up to 6 kg\*\* per pad
- Holds on most smooth, sufficiently firm surfaces

\* Not UV-resistant. Protect from direct contact with water  
 \*\* For flat objects up to 10 mm thick

## tesa® Powerbond Mounting Tapes

### tesa® Powerbond Indoor

- Ideal for interior use, extra-strong hold
- Holds up to 5 kg\* per 10 cm tape
- Holds on tiles, plaster, wood and most plastics

\*For flat objects up to 10 mm thick and on most smooth, sufficiently firm surfaces

55740 | 55741

### tesa® Powerbond Mirror

- Ideal for mirrors
- Humidity resistant
- Holds mirrors of max. 70 x 70 cm up to 4 mm thickness

\* Suitable for humid areas like bathrooms

55732 | 55733

### tesa® Powerbond Transparent

- Ideal for glass and transparent objects
- Crystal clear and extra thin
- Holds up to 2 kg\* per 10 cm tape
- Holds on glass, tiles, plaster, wood and most plastics

\*For flat objects up to 10 mm thick and on most smooth, sufficiently firm surfaces

55743 | 55744

### tesa® Powerbond Universal

- Perfect for light and flat objects in the office
- Ideal for interior use
- Easy to apply

58565

### tesa® Powerbond Outdoor

- Ideal for exterior use
- UV, water and temperature resistant
- Holds up to 1 kg\* per 10 cm tape
- Holds on tiles, stone, metal and most plastics

\*For flat objects up to 10 mm thick and on most smooth, sufficiently firm surfaces

55750 | 55751

### tesa® Powerbond Slim

- Slim, only 9 mm wide
- Ideal for fixing cable ducts, small decorations, LED bars
- Strong hold on both sides
- Individually cuttable
- Partly conformable to the surface

\*\*Does not hold Plaster, Wallpaper, PE, PTFE or PP.  
\*\*\*Not removable from Plaster or Wallpaper. Residues might remain.

tesa® Powerstrips offer double-sided adhesive solutions with a secure and long-lasting hold on most surfaces\* which, due to the Powerstrips® technology, are simple and quick to mount and remove without a trace. Objects can be fixed in position easily and safely without tools, screws or nails or damaging surfaces, and moved or replaced easily too. The strip detaches without leaving residues.

## tesa® Powerstrips Large / Small

- Strong hold for objects on most surfaces\*
- Maximum hold on smooth surfaces of up to:
  - 2 kg with Powerstrips® Large
  - 1 kg with Powerstrips® Small
- Suitable for the whole Powerstrips® Large or Small range
- Removable without trace thanks to the Powerstrips® technology

Available colors:

58000 | 57550

## tesa® Powerstrips Poster

- Posters can be replaced or rearranged, leaving both surface and poster undamaged
- Secure hold of up to 200 g\*
- Ideal for light, sensitive materials and sensitive surfaces due to its special strip shape
- Removable without trace thanks to the Powerstrips® technology

Available colors:

## tesafilm® Easy Cut Desk Dispenser

- Optimised serrated blade for straight cutting
- Very stable, with non-slip base
- tesafilm® not included

Available colors: 

57422 | 57421

## tesafilm® Easy Cut Desk Dispenser Orca

- Anti-slip and stable
- Serrated plate for clean cut ("Easy Cut")
- Simple to refill
- Integrated roll mounting
- Protective pad on bottom
- Suitable for rolls up to 33 m x 19 mm
- Available with several tesafilm® combinations

Available colors: 

53914

## tesafilm® Easy Cut Desk Dispenser Curve

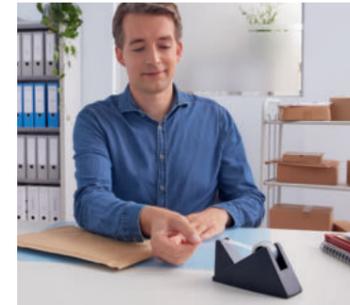

- Anti-slip and stable
- Serrated plate for clean cut ("Easy Cut")
- Simple to refill
- Integrated roll mounting
- Protective pad on bottom
- Suitable for rolls up to 33 m : 19 mm
- Available with several tesafilm® combinations

Available colors: 

53917

## tesafilm® Easy Cut Desk Dispenser Economy

- Desk dispenser made from 100% post-industrial recycled plastic (housing)
- Serrated blade for clean cutting
- Non-slip base
- Timeless design
- Suitable for rolls up to 33 m : 19 mm

Available colors: 

59327

## tesafilm® Easy Cut Desk Dispenser Compact

- One-handed use with all tesafilm® ranges
- Serrated blade for cutting
- Modern design
- Lightweight, thanks to the Stop-Pad
- Stop-Pad is washable to reactivate adhesive power
- Dispenser with Stop-Pad is always repositionable

Available colors: 

53827

## tesafilm® Easy Cut Desk Dispenser Smart

- One-handed use with all tesafilm® ranges
- Made from 100% post-industrial recycled plastic (housing)
- Serrated blade for cutting
- Modern design
- Space-saving size
- Lightweight, thanks to the Stop-Pad
- Stop-Pad is repositionable and can be washed to reactivate adhesive power

Available colors: 

53904

tesapack® offers a wide range of individual solutions for sealing all kinds of parcels and packages securely and effectively.

## tesapack® Bio & Strong ecoLogo®

- Eco-friendly packaging tape made from renewable raw materials
- 98% bio-based material per tape roll
- 100% cornstarch-based film combined with natural rubber adhesive
- High-performing tape with very strong adhesion and very potent initial tack
- Suitable for cold storage
- Sealing of heavyweight cardboard boxes up to 30 kg
- Independent certification organization DIN Certco and TÜV Austria confirm high proportion of bio-based material
- Can be recycled along with cardboard without the need to separate (tested by INGEDE Method 12)
- Suitable for use in all tesapack® hand dispensers

Available colors:

58296

## tesapack® Eco & Ultra Strong ecoLogo®

- Eco-friendly, low-noise packaging tape made from post-consumer recycled material
- 70% post-consumer recycled PET film combined with solvent-free water-based acrylic glue mass
- High-performing tape with very tear-resistant tape with very strong adhesion
- UV and age resistant
- Sealing of heavyweight cardboard boxes up to 30 kg
- Can be recycled along with cardboard without the need to separate (tested by INGEDE Method 12)
- Suitable for use in all tesapack® hand dispensers

Available colors:

58297 | 58299

## tesapack® Paper & Ultra Strong ecoLogo®

- Eco-friendly packaging tape made from reinforced paper of controlled sustainable sources
- Fibreglass-reinforced paper combined with natural rubber adhesive
- High-performing tape with excellent adhesion and very potent initial tack
- Very high tear resistance due to fibreglass reinforcement
- Suitable for cold storage
- Sealing of heavyweight cardboard boxes up to 30 kg
- Made with paper from well-managed, FSC-certified forests and controlled resources (FSC® C148769)
- Can be recycled along with cardboard without the need to separate (tested by INGEDE Method 12)
- Suitable use with tesapack® dispensers 56402, 06400 and 56403

Available colors:

56000

## tesapack® Paper Strong ecoLogo®

- Eco-friendly packaging tape made from paper of controlled sustainable sources with a very high share of bio-based material per tape roll
- 92% bio-based material
- Paper from controlled resources combined with natural rubber adhesive and bio-based impregnation
- High adhesion with very potent initial tack
- Suitable for cold storage
- Sealing of mid-weight cardboard boxes up to 20 kg
- Made with paper from well-managed, FSC-certified forests and controlled resources (FSC® C148769)
- Can be recycled along with cardboard without the need to separate (tested by INGEDE Method 12)
- Suitable for use in all tesapack® hand dispensers or can be torn by hand

Available colors:

57180  
05054

## tesapack® Paper Standard ecoLogo®

- Eco-friendly packaging tape made from paper of controlled sustainable sources
- 56% bio-based material per tape roll
- Paper from controlled resources combined with water-based acrylic glue mass
- Good adhesion and tear resistance
- UV and age resistant
- Sealing of low-weight cardboard boxes up to 10 kg
- Made with paper from well-managed FSC-certified forests and controlled resources (FSC® C148769)
- Can be recycled along with cardboard without the need to separate (tested by INGEDE Method 12)
- Suitable for use in all tesapack® hand dispensers or can be torn by hand

## tesapack® Ultra Strong

- Sealing of heavyweight cardboard boxes up to 30 kg
- Highly tear-proof PVC backing
- Natural rubber adhesive ensures excellent adhesion with immediate tack
- High sealing security
- For packaging and bundling of heavy goods
- Even, low-noise unwinding
- Suitable for use in all tesapack® hand dispensers

Available colors:  

57177 | 57176

## tesapack® Extra Strong

- Sealing of mid-weight cardboard boxes up to 15 kg
- Highly tear-proof PVC backing
- Natural rubber adhesive ensures high adhesion
- Very good sealing security
- For packaging and bundling of heavy goods
- Even, low-noise unwinding
- Suitable for use in all tesapack® hand dispensers

## tesapack® Extreme

- Sealing of heavyweight cardboard boxes up to 30 kg
- Extremely adhesive packaging tape for packaging and bundling heavy objects
- Strong initial tack for instant sealing
- High-quality PVC, extremely tear-resistant
- Even, low-noise unwinding
- Suitable for use in tesapack® hand dispensers
- Also suitable for dangerous goods

Available colors:  

58644 | 58645

## tesapack® Solid & Strong

- Sealing of heavyweight cardboard boxes up to 30 kg
- Strong adhesion
- Even, low-noise unwinding
- Age resistant
- UV and temperature resistant
- Suitable for use in all tesapack® hand dispensers

Available colors:  

58640 | 58641

## tesapack® Perfect & Strong

- Sealing of heavyweight cardboard boxes up to 30 kg
- Strong PP backing
- High UV resistance
- Environmentally friendly PVC-free
- High sealing security
- Especially even, low-noise unwinding
- Suitable for use in all tesapack® hand dispensers

Available colors:  

58142 | 58143

## tesapack® Strong

- Sealing of mid-weight cardboard boxes up to 15 kg
- Strong PP backing
- High UV resistance
- Good sealing security due to high shear adhesive
- Even, low-noise unwinding
- Suitable for use in all tesapack® hand dispensers

Available colors:

57167 | 05044

## tesapack® Standard

- Sealing of lightweight cardboard boxes up to 10 kg
- PP backing
- Adequate sealing security
- Easy unwinding (noisy)
- Suitable for use in all tesapack® hand dispensers

Available colors:

58172 | 58173

## tesapack® Ultra Resistant

- Filament reinforced tape for bundling and strapping heavy goods
- Bundling and palletizing for transport security
- Heavy-duty carton sealing
- Fixing
- End tabbing

Available colors:

## tesapack® Secure & Strong

- Security sealing tape for mid-weight cardboard boxes up to 20 kg
- Highly adhesive packaging tape/safety duct tape
- Even, low-noise unwinding
- When removing the packaging tape, the message "open" remains on the parcel in different languages
- Even when reclosing, the message remains visible

Available colors:

58643

## tesapack® Crystal Clear

- Very transparent carton sealing tape for heavyweight cardboard boxes up to 30 kg
- Very strong PP backing
- High UV resistance
- Excellent transparency for neat packaging
- High sealing security
- Even, low-noise unwinding
- Suitable for use in all tesapack® hand dispensers

Available colors:

57807

## tesapack® Express

- Tearable-by-hand carton-sealing tape for mid-weight cardboard boxes up to 20 kg
- Very strong PP backing with easy-tear edges
- High UV resistance
- Convenient and fast-sealing without tools (e.g. scissors)
- Excellent transparency for neat packaging
- Even, low-noise unwinding

Available colors:

57810 | 57804

## tesapack® Hand Dispenser Premium

- Top quality metal version
- Covered blade for safe usage (injury protection)
- Trigger on handle for cutting tape
- Adjustable tension control
- 2 rubber rollers for especially easy application
- Spare part service
- Tape not included

56402

## tesapack® Hand Dispenser Economy

- Robust metal frame
- Blade cover for safe usage (injury protection)
- Adjustable tension control
- Tape not included

06300

## tesapack® Hand Dispenser Comfort

- Very robust due to stable metal frame
- Retractable blade for safe usage (injury protection)
- Soft-gummed handle for secure and comfortable grip
- Adjustable tension control
- Rubber roller for easy application
- Spare part service
- Tape not included

06400

## tesapack® Dispenser Pack 'n' Go

- Easy to use
- Serrated cutting blade at optimal angle
- Space saving
- Ergonomic shape
- Anti-slip grip
- Catchy colors
- Includes one roll of tape

51112 | 51113

## tesapack® Hand Dispenser Classic

- Robust due to stable metal frame
- Adjustable tension control
- Rubber roller for easy application
- Flexible tape-pressing wiper
- Spare part service
- Tape not included

\*Recommendation for weight of cartons depending on quality of carton, transport conditions (no extreme falling of the carton), filling (no overfilling), transport, and storage temperature not over 40° C

# tesa® Warning Tapes

tesa® warning tapes for proper marking of danger zones, pathways or area safety.

## tesa® Signal Premium

- Highly tear-proof PVC backing
- Natural rubber adhesive ensures excellent adhesion
- For marking permanent obstacles and hazard areas
- Even, low-noise unwinding
- Color code according to EU regulations for marking
- Suitable for use in all tesa® hand dispensers

Available colors:  

58130  
58131

## tesa® Signal Universal

- Strong PP backing
- Solvent free adhesive with high UV resistance
- For marking permanent obstacles and hazard areas
- Even, low-noise unwinding
- Color code according to EU regulations for marking
- Suitable for use in all tesa® hand dispensers

Available colors:  

58133  
58134

## tesa® Signal Non-adhesive

- Non-adhesive PE film
- For marking temporary obstacles and hazard areas
- Printed on both sides
- Rub-resistant ink
- UV resistant (3 months)

Available colors: 

58137

# tesa® Roller

tesa® correction and adhesive rollers offer clean, crisp results for paperwork! tesa® rollers have been ergonomically designed so that precise and fast gluing and correcting becomes child's play. All rollers are available in two versions: in handy disposable form or refillable with a practical 2-click system. All rollers are made of 100% recycled plastic (housing) and therefore contribute substantially to tesa's commitment to the environment.

## tesa® Correction Roller ecoLogo®

- For precise corrections
- Good cover and adhesion
- Can be written on immediately
- Tear-resistant backing (PET)
- Tape widths: 4.2 mm for printed text, 8.4 mm for hand-written text
- Solvent free
- 100% recycled plastic (housing), refill 61% recycled plastic (without tape)
- Packaging: 80% recycled cardboard, blister without PVC

## tesa® Roller Refill System

- 2 clicks are all that's needed to switch cassettes
- 1 housing for all three applications
- Colour of cassette indicates application:
  - white = correction
  - red = permanent adhesion
  - yellow = non-permanent adhesion
- Ergonomically designed for ease of use
- Transparent housing shows amount of tape remaining
- Practical wheel for tape tension adjustment
- Wide base for stable use

- For perfect, long-lasting corrections
- Ergonomic design, fits perfectly in your hand
- Sideways action makes relaxed, precise correction possible
- For right- and left-handed users
- Tear-resistant backing (PET)
- Automatic tape tension
- Tape length: 10 m
- Tape width: 4.2 mm
- Made from 100% recycled plastic (housing)

59811 | 59810

## tesa® Glue Roller Permanent ecoLogo®

- Strong adhesion
- Clean, fast and permanent bonding
- Glues paper, cardboard, photos
- Reddish glue shows where adhesive has been applied
- Tear-resistant backing (PET)
- Solvent free
- 100% recycled plastic (housing), refill 61% recycled plastic (without tape)
- Packaging: 80% recycled cardboard, blister without PVC

59151 | 59110

## tesa® Correction Mini Roller ecoLogo®

- Small and space saving
- For perfect corrections
- Attractive design
- Ergonomically designed for ease of use
- Protective cap
- Tear-resistant backing (PET)
- Dimensions: tape length: 6 m, tape width: 5 mm
- 100% recycled plastic (housing)
- 80% recycled packaging (blister)

59814 | 59815  
59816 | 59817

## tesa® Glue Roller Permanent ecoLogo® Disposable

- Strong adhesion
- Clean, fast and permanent bonding
- Glues paper, cardboard, photos
- Reddish glue shows where adhesive has been applied
- Tear-resistant backing (PET)
- Tape length: 8.5 m
- Tape width: 8.4 mm
- Solvent free
- Made from 100% recycled plastic (housing)

tesa® Glues and Sticks

## tesa® Multi-Purpose Glue ecoLogo®

- Glues paper, cardboard, cork, textiles, wood, leather
- Special click-system cap enables surface application as well as fine gluing (dots and lines)
- Water-based, solvent free glue
- Odourless glue dries out transparently
- Light, heat and age resistant
- Can be washed out by hand
- Bottle is made of 80% recycled plastic

57020

## tesa® Glue Pen

- Ideal for bonding large areas together and point-to-point gluing
- For handicrafts with paper, cardboard, cork, textiles, photos, wood and leather
- Washable
- Perfect design for use in school or at home for crafting purposes

59908

## tesa® All-Purpose Glue

- Bonds nearly all types of paper, photos, cloth, felt, cork, leather and wood to each other and to metal, glass, porcelain, ceramics, many types of plastic and hard foam
- For clean surfaces and precise glue points
- Light, cold, heat, age and water resistant
- Special click-system cap allows large area and exact, punctual gluing

57007 | 57013

## tesa® Glitter-Deco

- Perfect for handicrafts and decoration
- Precise and non-drip application
- Solvent free
- Available in two different color combinations

59900 | 59988

## tesa® Instant Glue

- Ideal for fast repairs to small smooth surfaces
- Quick, strong bond
- Excellent long-term results, due to high cold and heat resistance

## tesa® Spray Glue Extra Strong

- Suitable for heavy weight materials with rough and uneven surfaces
- Film forming spray
- 2 options of spray direction: horizontal and vertical
- Adjustable spray quantity (H: high, M: medium, L: low)
- Resistant to damp and temperature from -30 °C up to +80 °C (short term even 100 °C)
- Free from silicone

60022

## tesa® Spray Glue Permanent

- Enables clean, economical, secure and fast bonding of large areas
- Suitable for light- and medium-weight materials with slightly uneven surfaces (e.g. Styrofoam®)
- Fine and even dispersion of glue
- Fast drying
- Resistant to damp and temperature from -20 °C up to +60 °C
- Free from silicone

60020 | 60021

## tesa® Adhesive Remover

- Reliably removes residues of most adhesive tapes, glues and labels
- Evaporates without leaving residues
- Spray reaches even concealed and hard to reach places
- Free from silicone

\* Danger! Cyanacrylate. Bonds skin and eyes in seconds.

tesa® products are tried and proven quality products which are constantly subjected to strict controls. You will achieve optimum results if you work on dry, dust-free and grease-free surfaces and by firmly pressing the materials to be glued. To find out if the adhesive is suitable for your specific application, we recommend that you first test it on small surfaces. Since we have no influence on your individual working conditions or the properties of all different kinds of material, no claim may arise from the statements made in this product information.

# tesa® Double-sided and Handicraft Tapes

In the office or at home if you need double-sided tapes, tesa® has the right solution. All tapes are designed to be easily applied to ensure a hassle-free experience.

## tesa® Double-sided Tape

- Double-sided adhesive tape with transparent PP base
- Solvent free, high adhesive power
- Long lasting
- Usable without hand dispenser

64621 | 64623

## tesa® Handicraft Tape

- Double-sided adhesion
- Release paper allows tape to be pressed firmly into place
- Very good adhesion
- Ideal on rough and irregular surfaces
- Easy to separate by hand
- High resistance to ageing

56665

## tesa® Graphics Crepe

- Versatile self-adhesive paper tape with extremely thin backing
- Perfect to fix plans and drawings
- For reliable fixation – can be removed easily without leaving any visible traces

57416 | 57415

## tesa® Double-sided Fleece

- Double-sided adhesion
- Release paper allows tape to be pressed firmly into place
- Transparent and extra thin
- Easy to separate by hand
- Tin container for protected storage
- Good adhesion and high resistance to ageing

tesa®

Tack Assortment

The tesa® TACK range makes it possible to fix lightweight objects safely and allows you to hang up postcards, drawings or photos quickly and easily without magnets or nails. tesa® TACK is easy to use and offers different, flexible solutions for many fixing problems.

## tesa® TACK Transparent Adhesive Pads

- Double-sided adhesive pads for fixing small and lightweight objects, paper sheets, etc.
- Intelligent alternative to magnets and pins
- Ideal for non-porous surfaces such as glass, metal, even wood and painted surfaces
- Transparent, thin, reusable and repositionable
- Removable without a trace from sufficiently firm surfaces
- Leaves no greasy stains
- Available in 2 different sizes

59404 | 59408 | 59401

## tesa® TACK Adhesive Putty

- Fixing a variety of objects, such as posters, pictures and office calendars, to smooth and solid surfaces
- Flexible in application: malleable and individually portionable
- Reusable and repositionable, ideal for non-porous surfaces such as glass or metal, even wood and painted surfaces
- Removable without a trace from sufficiently firm surfaces

# tesa® Clean Air

The tesa® Clean Air fine dust filter ensures clean air in the office. It uses micronAir® Office technology to constantly filter even the smallest particles. You can be sure that the air in the office is free to a large extent from any fine dust particles produced by laser printers, fax machines and photocopiers.

## tesa® Clean Air

- TÜV NORD (German Technical Control Board) has confirmed the effectiveness of the filter: up to 94% of all fine dust particles are reliably trapped in the filter\*
- The 3-layer structure of the fleece ensures that particles of all sizes are reliably captured
- High air permeability ensures unrestricted functionality of the printer
- The filter is easy to attach and remove thanks to the integrated self-adhesive hook and lock tape
- Flexible and soft material: filter adapts well to the printer surfaces
- Convenient disposal via domestic waste
- The filter has to be exchanged after 70,000 printouts or after 1 year
- The filter is compatible with many models from various manufacturers
- Go to [www.tesa-clean-air.com](http://www.tesa-clean-air.com) to check whether the filter is suitable for your printer type or contact us
- The website also contains information about the sizes needed for different printers

\*The average filter performance for particles between 0.0001 and 0.002 mm in size is 85% to 94% at a maximum filter flow rate of 2 m/min.
